

On This Side Of The Sun

By Phat

Somewhere in one of these current novels about the Old South in the old days, I read a description of a colonel: "He was an excellent judge of horse-flesh and of pretty women." ... Trav Rogers could qualify, under that description, as a Kentucky colonel. He knows horses and as sheriff of the Kangaroo Court district, have you seen the deputies he picked out to help him? It's a pleasure to be pinched but the real pinch comes when Judge Leo Fields slams down the gavel.

THE RODEO Saturday and Sunday reminds me — when you move rapidly, move straight up and down, don't slide sideways ... Or you'll have the tweezers out ... Unless they've shaved those seats within the past year ... After last year's rodeo, it took an hour to get them all out of my trousers ... I expected the Field Club management to sue me for taking away so much lumber. So don't slide over to make room for someone ... Arise and walk over. But the Field Club needn't feel bad about that ... I attended a U.S.C.-Stanford game at the Palo Alto stadium once and every time Troy gained a yard, I gained a splinter ... And, if I remember rightly, U.S.C. gained 223 yards that day.

DIDN'T GET to see the Easter parade, so don't know how the hats looked on that occasion, but there are some wonderful ones on Palm Canyon Drive today ... A lot of them symbolize the business of the woman under the hat ... For instance, a waitress in a local cafe which specializes in waffles, had some miniature waffles draped from her hat ... A girl who works in a drug store, had some small drug bottles tucked in the brim ... Tried to persuade the girls in the office to decorate their hats with printing presses but they didn't care for the idea ... Mrs. Harriet Henderson solved the flower situation very simply ... She just inverted a flower pot and wore that.

THE MAIL was a bit on the vitriolic side this week. ... Seems I talked about "my operation" and nobody had a chance to interrupt ... That made 'em mad ... Got two letters in which certain Villagers' ailments were described—detail ... But I'm not going to start that ... Too many people want a chance to tell what's wrong with them. ... One card, just signed "Bill" and from Miami, Fla. ... "For the benefit of expatriate Palm Springers, when you mention a new building or office, give the block number as well as the street so we can envisage it." ... Fine idea and will endeavor to do ... From LaRue Watson comes a letter regarding benches ... He enclosed a clipping from an Avalon, Catalina paper, showing what they were doing there as to benches. They plan to put out a lot of them.

THIS PHONE strike is a rather mixed blessing ... At least, people can't call you out of bed at midnight from out-of-town, trying to save on rates, to get in a news item or an advertisement ... But when you want to get someone in a hurry you either must lie and say it is an emergency call or hang up resignedly ... Seems that while it was windy here the other morning, we got the best of it ... One woman, who lives out in the desert a few miles east of the Village, said that she had just finished cleaning house to entertain guests for Circus Week when up came the wind ... The next morning, she found sand a half-inch thick all over the place. "They can just walk on the sand, eat sand and like it," she said.

TRAFFIC so far this Circus Week has been remarkably tame. Police say it's not as rugged as they expected it to be ... Jay walking has increased sharply but outside of a few exasperated horn honks from impatient drivers, things are running smoothly. Nobody has been nudged by an automobile so far ... Chief Gus Kettmann, however, looks for a big weekend ... Especially, if it's cloudy on the coast ... With that new road open east of Colton there are only two bottle necks left on the road between here and Los Angeles, Banning and Redlands.

RED FACE DEPT—I thought I was an expert on music ... But see where I allowed a bad one to get through recently ... In speaking of Harry Warren and Harold Arlen being guests in town, it was written that among their numbers was "The A. T. and S. Fe." ... Not so ... Warren wrote the music but Johnny Mercer the lyrics ... Apologies to both Mercer and Arlen ... Jules DeVorzon has a new title. He played several violin numbers at the recent installation of the new Palm Springs Masonic lodge and when through, the title of Grand Gut Scraper of the Grand Lodge was bestowed upon him ... Jules is at the Bombay playing the favorite songs of many film notables nightly.

LOOKS as if the season may linger on a while ... Talked to several business men this week. Some, who usually fold up June 1 for their summer Siesta, are planning to stay open until July 1 ... And don't forget, May is generally the best month in Palm Springs.

NO BAIL!—That was the edict of Judge Lew Fields in his Kangaroo Court when beautiful "Deputy Sheriff" Doris Markell pinched the famous barrister, Raymond Haight. (Photo by Gayle's Studio.)

Circus Nears Record-Breaking Climax

Many Big Events Still On Program

Insanities, Parade, Pet Show, Air Show and Rodeo Coming Up

Best part of Circus Week, which began Wednesday noon with the Western Fashion Show, Luncheon and Kangaroo Court at the Desert Inn, still lies ahead. The annual Children's Western Fashion Show and Pet parade will begin at 4 p. m. today with 298 entries on file as of Wednesday afternoon with more expected. Bob Bennett, who formerly owned the Burro Train is in charge of this event with Roy Randolph and others assisting him. This part of the show will be staged at the Palm Springs Tennis Club.

LAST NIGHT the first performance of the Village Insanities took place at the Tennis club and the second performance is scheduled to take place at the same place tonight. It is expected that the show will play to standing room only following the excellent reports of the Insanities by those who saw it on Thursday night.

But up to Friday night as far as See CIRCUS, Page 8

Circus Parade Tomorrow to Set New High

An all-time high record of 116 entries, 35 more than in the previous high set in 1946, will be in line Saturday morning as the colorful and exciting 11th Annual Desert Circus Parade moves southward on Palm Canyon drive from the assembly area near Torrey General hospital.

Chairman Phil Delano today predicted that the parade not only will exceed all its predecessors in number of entries but also in color, ingenious floats, variety of horse groups and the martial music of bands from throughout southern California.

AT THE HEAD of the two-mile long line of entries, as it moves southward on Palm Canyon Drive promptly at 10 a. m., Saturday, will be the colorful and popular stage, screen and radio star, Frank Morgan, grand marshal. Also in prominent positions at the head will be Little Bear, who has charmingly led every major parade in Palm Springs since the inception of the Circus in 1934, and Barbara "Babs" Neel, home-town girl who serves as queen of the 11th edition of the joyous Circus.

Serving as an honor guard for Grand Marshal Morgan will be

Insanities Huge Success, Wows Big Audience

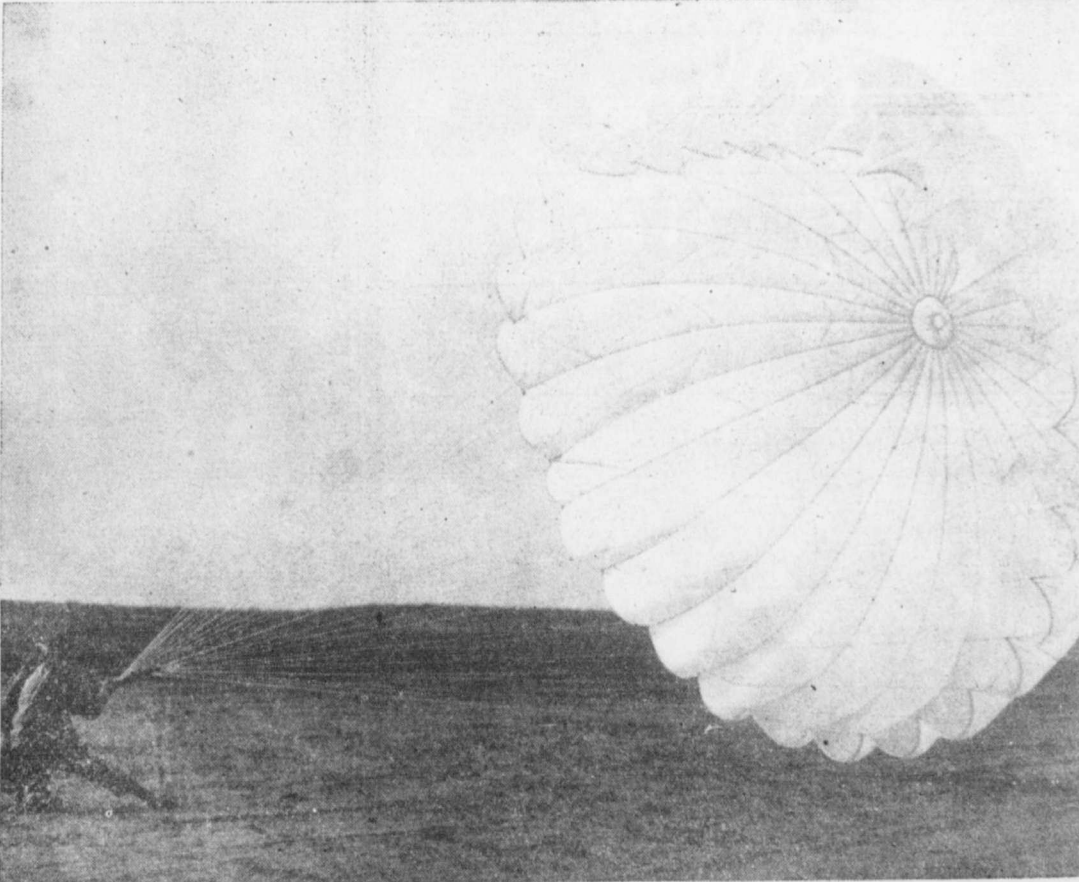

"What a show!" "Why it's terrific!" "Some of those people are professionals, aren't they?" These were some of the remarks and questions asked at the first performance of the Village Insanities last night—a night of delightful entertainment no Villager or visitor should miss—if you can still get tickets to the affair.

THE THEME behind the staging of the Insanities was the reproduction of all those "swell-elegant" beer halls or "Gardens" as they were called back in the 1890's when one went out with his family and friends, sat at a table, sipped champagne or beer and watched the show being enacted on a stage.

And the Village Insanities truly reflected the atmosphere of those early day entertainment halls.

THE PLACE was jammed with people. Everybody seemed to have a glorious time and the acting on the part of the cast—all amateurs—was excellent.

Between each act the audience was permitted to dance or try their luck at one of the booths.

DEATH DEFYING—One of the spectacular aerial stunts that will feature the Desert Air Circus to be staged at the Palm Springs Airport Sunday morning from 9 a. m. to 1 p. m. Picture above is Bill Bushman who has just successfully completed a parachute jump from high up in the sky. After the civilian airmen get through with their two hour performance the Army jet P-80 Shooting Stars will take over.

Fields' Quick Wit Big Help To Museum

Flashing the same quick wit and always the winner in repartee with the "offenders" before him, Leo Fields, the widely-known theater man who left a hospital bed to come to the 11th Annual Desert Circus, presided at the two sessions of the Kangaroo Court of the circus this week.

Today the building fund of the Desert Museum is \$2000 richer from his efforts! That represents the "take" at the two meetings of the court, the first at the Western fashion show luncheon at the Desert Inn Wednesday and the second in the downtown section Thursday.

WALL SPALDING, chairman of the Kangaroo Court committee for the circus, and circus general chairman Barney Hinkle today joined in a public expression of thanks to "Judge" Fields for the great interest manifest by him in the circus as shown by his long trip here to preside at the courts.

Recently Chairman Hinkle heard that Mr. Fields was ill in a hospital and virtually gave up hope of obtaining him for the court duties for which he has proven himself ideally suited by

Greetings visitors to Palm Springs! We hope you enjoy the events of Desert Circus week. Villagers have worked long and hard to bring them to you; the parade, rodeo, fashion show, air show, luncheon at the Tennis club and Village Insanities. They're sure to amuse and entertain you.

If you find the Village a bit crowded, come back in May for another visit. You'll want to get away from those Spring fogs along the coast and enjoy a little sunshine. May is a wonderful month in Palm Springs—one of the nicest of all. Clear days, warm sunshine—and marvellous, balmy nights. You'll love them! Most places are still open and it isn't so hard to find accommodations. Try Palm Springs in May and see if you don't like it as much as any month of the year.

A reading "must" is "Struggle for the World" by James Burnham, March 31, Life. Did you miss it? If you are interested in U. S. foreign policy, you'll want to read the book. Everyone should at least read the condensation. Not that I agree with much the writer has to say. I do not, for example, feel that a world government is any more impossible—or unworkable—than an American empire such as Mr. Burnham proposes. But there is much truth in what the author has to say about the position of U. S. in world affairs, and in our foreign policy. His suggestion that the U. S. should propose to Great Britain and the British Dominions "common citizenship and full political union" is a highly controversial issue also.

One thing many of us feel certain: The present U. S. foreign policy and United Nations procedure is not solving the international problem—especially with respect to Russia. The question as to whether the U. S. should launch into a program of world leadership is answered in an interesting manner by Mr. Burnham. Most people in this country agree that we are in it whether we like it or not—and that our course should be determined accordingly.

If more Americans would wake up to their individual responsibility, the future policy could be determined by our peoples as it should be. A little worrying over the world crisis will help none at all; we need to do some serious thinking on the subject and let our thoughts be known. We should read such books as Mr. Burnham's.

What do you think—or do you think?

NEWS NOTES FROM Palm Valley

By DON CAMERON

Frank Bogert's Thunderbird Ranch was host Monday evening to the new Mexican Club, "The Flor-del-Desierto." All us Mexicans went down to help the new group since the money raised is to finance the building of the float being entered in the parade. Our own Frank Reyes of Rancho Mirage is building the float for the Mexican Colony. Last year their entry was the sweepstakes winner and he tells me that this year it is positively the last word. Conky, Conkwright, formerly the local radio commentator, has now taken up the profession of float building.

In addition to an entry of his own he has whipped up numbers for the Girl Scouts, Kenny Paul, Cuco Salazar's Pioneer Club, and Rancho Mirage. The way it looks every horse, wagon, trailer and truck from Palm Valley will be going down Palm Canyon drive Saturday morning. Rancho Mirage's Frank Morgan is now to be grand marshal of the parade to replace Leo Carrillo who has been called to New York.

THE CHRIS HENDRAS and the Norman Williams spent the last week-end at the Sage and Sun Apartments. Chris is president of the Mollin Investment company, which owns Palm Village, and Norm, as of this week, is sporting the new title of vice president. The old fellow was trying to pull his new rank on Bill Godlove, Thorpe Paddock and me. He wanted to pay the check at the Palm Village malt shop.

A service station is just around the corner. Walt Renwick of the Inland Construction company, located in Banning and Palm Desert, tells me that he has started building a Texaco station. This is located on Highway 111 at the south end of Palm Village and is to be operated by Arthur

We have been receiving so many compliments on the appearance and layout of the Palm Dell office that it's only fair to tell you that it was designed by Nell Odell, whose husband, Amos, and Dan Dunlap own the Palm Dell tract. Its getting to be quite a place for folks to stop and renew old times. Among those dropping in the last few days were Charlotte Hanay, Pearl Cline of the Casa de Cline, Hilda Mayer with her sister and brother-in-law, Mr. and Mrs. Wayne Sohn of Napoleon, Ohio; Kenny Brott, Ralph Marvin, George and Charlotte Lafayette, N. E. Cowan, a buddy of mine from World War I, and now manager of the Crown Life Insurance company in San Francisco; Ed Murray of the sanitarium by the same name in Inglewood, Harry Slaugh, vice president of the Santa Catalina Island company in Avalon, and last, but certainly not least, the one and only Lee Miller. He has been away from here for years and is now doing some building at Desert Hot Springs.

SPEAKING for the Legion, and AMVET-V.F.W. groups, thanks to all you Palm Valley folks who have bought tickets and helped support the Rodeo and Air Circus. The box seat list for these events reads like a Palm Valley "whos-who." The Air Circus is going to

be terrific. The gates at the airport will be open at 9:00 o'clock Sunday morning and we want you to come early and see the exhibits and model plane show. The show starts at 10:00 o'clock and knowing there will be a few hangovers we are making it as easy as possible on our Palm Valley folks by opening the south gate to the airport—so when you go in from Cathedral City turn right at Araby Point and drive right across to the south gate of the airport. KCMJ to Put All Major Events of Circus on the Air

Continuing its policy of always presenting the finest of radio listening for Palm Springs and vicinity, Palm Springs own station, KCMJ, is fully covering the events of the gigantic 11th Annual Desert Circus.

These special programs are appropriately titled "Salute to the Circus." These shows feature all of the major events of the Desert Circus including the Western fashion show, luncheon and kangaroo court from the Desert Inn Wednesday; downtown kangaroo court on Wednesday; the children's fashion and pet show at the Palm Springs Tennis Club on Friday; the 11th annual desert circus parade on Palm Canyon drive on Saturday; the championship rodeo both Saturday evening Sunday; and Saturday evening network will originate for the music of Skinnay Ennis and his orchestra from the Palm Springs Tennis Club.

CLOSING the complete "Circus" coverage KCMJ will also cover the Desert air circus, the first event on Sunday, the second staging of the championship rodeo.

"Come Desert Circus or any of the major special events that our Village is noted for, and you'll find coverage of each and every one on Palm Springs own station, KCMJ, 1340 on your radio dial," said Dick Joy, co-owner of the station.

Beautiful Aztec Capital

Ruined by Spanish Invaders

When the Spaniards first set eyes upon the Aztec capital of Tenochtitlan, site of Mexico City today, they found it a breathtaking spectacle with its stone palaces and temples, floating gardens, paved streets, causeways and Venice-like canals carrying passengers, food and fuel.

The historic meeting between Montezuma and Cortes in the city in 1519 was a glittering affair, with the visitors in shining armor and the Aztec chieftain and his court weighted down by gold ornaments and bejeweled clothing.

Ostensibly, the Spaniards' first descent on the Aztec stronghold in the high valley of Mexico was a peaceful one. Then came the series of events that left Spain master of Mexico for 300 years. Montezuma, quiescent of his time, attempting unsuccessfully to win the submission of his people to the conquerors. When the Spaniards killed a group of worshippers and destroyed the Aztec idols in temples stained with the blood of ancient sacrificial rites, the populace rose in fury. Cortes and his shattered army were forced to flee. But the rout was temporary. The return of the Spanish forces, reinforced by additional troops and horses, arms and ships, saw a life-and-death struggle that ended in Spanish victory, with the city of Tenochtitlan in ruins, and the stones of its magnificent buildings filling the canals.

The Desert Sun wishes to acknowledge the aid given in preparing this and last Tuesday's Desert Circus editions and its thanks go to the 11th Annual Desert Circus committee, the circus program committee, Harry Harper of the chamber of commerce, William Fox of the Village for pictures and materials loaned, the Los Compadres club, and all others who helped compile these editions—a combined total of 48 full-sized pages full of news and pictures of the desert and the 11th annual Desert Circus.

MORE ABOUT . . .

Fields . . .

several years of service to the Desert Circus.

THEN, with the circus only a week or 10 days away, Chairman Hinkle heard that the popular Kangaroo Court jurist might be able to come, and a telegram was sent buzzing eastward. The answer was favorable, and one of Chairman Hinkle's big worries was over, for he, along with many others close to the Circus picture, feels that the circus has never had a better jurist than Leo Fields.

Although showing the effects of his long illness, the spare Leo nevertheless displayed the same vim and interest as he fulfilled a task which he obviously enjoys.

TEAMED UP with "Judge" Fields was another man who has many years of experience in the Desert Circus—Trav Rogers. On his manly chest reposed the star of the circus sheriff, an honor awarded him in recognition of quiet, behind-the-scenes help in many circus productions. It has always been Trav Rogers who directed the stabling of hundreds of horses brought to Palm Springs for the annual parade, and he has always worked with the parade chairman in the handling of the food for the hundreds of posse members, band players and others who are the guests of the circus for luncheon following the parade. These are only two ways in which he has helped in the past, and will continue to assist this year.

"Sheriff" Rogers' chief assistant in the "law-enforcement" which has been worth the \$2000 to the Desert Museum was Mary on important work in the Vill-Jane Hicks who also has carried large Insanities. She was in charge of the feminine deputies of the sheriff's staff—the girls who actually rounded up the notables, the Villagers and other visitors and hailed them before the jurist for the extraction of the folding money.

AN ANNOUNCEMENT

The following Palm Springs painting contractors have formed an association among themselves for the purpose of giving Palm Springs property owners and business people better workmanship and finer painting—with assured fair dealings to them—as well as the members of this organization—and the Palm Springs workmen.

This organization is purely for the protection of all Palm Springs and surrounding areas and while in the process of formation wants to acquaint the general public with their fine intentions—for fair dealing and fair prices.

MORE ABOUT ...

Parade ...

Sheriff Eugene Biscailuz and his famous Los Angeles County Sheriff's Posse whose members will spend the entire weekend in Palm Springs.

HEADLINING the six top-notch bands that will be spaced throughout the parade, participants will be the two outstanding school bands of southern California—the U.S.C. Trojans and the Tournament of Roses band, the Bulldogs of Pasadena Junior college. The Trojans are an institution in Southern California, particularly at the major football classics in the Coliseum at Los Angeles. The Tournament of Roses band, besides being the official musical unit for the world-famous New Year's Day Floral fete, is a popular participant in parades throughout the west.

Both of these bands will have spritely majorettes twirling their batons for the estimated 30,000 persons who will line the curbs for the mile and a half length of the parade.

OTHER FINE BANDS which will take part are the Sherman Indian Institute of Riverside, the Salvation Army band of Los Angeles, the San Bernardino high school band and the Huntington Park Junior band. Most of these have taken part in previous Circus parades, and like the Trojans and Bulldogs, have become popular traditions in the Circus history.

Sheriff's and police posses from Southern California and riding clubs of many cities and counties are entered, many of these sporting expensively-decorated silver and gold outfits.

IN THE LINE of march again this year will be Dixie Gray, whose silver-mounted riding and horse outfits are considered the most lavish in California. Also in the parade will be an added feature of the Gray family—Gene Gray, her husband, displaying for the first time a 22-carat gold outfit!

The floats will run the gamut of imagination. They are entered by scores of Palm Springs firms, organizations and schools.

Entries will compete for nearly a hundred beautiful trophies which are on display in the windows of the Palm Springs Drug and Import Company.

THE JUDGE'S stand will be located in front of the Desert Inn and here will be the public address system for which the master of ceremonies is Abe Lefton, noted announcer of California. The public address system is the well-known Mobiloil sound car in charge of Joe Warner which is loaned without charge each year to the Desert Circus.

Judges for the parade are Tony Burke, chairman; Earl Cordrey, well-known artist and illustrator; Earl Coffman, co-manager of the Desert Inn; Jack Krindler, owner of the "21" Club of New York and Bill Jason, prominent San Francisco resident and a director of Thunderbird Ranch.

Preceding the start of the parade the judges will have a preview of the entries in the assembly area, riding in Mr. Krindler's open car which is the official judges' car for the event.

The polar regions would be exploited both by us and a foe—if we developed one.—Maj.-Gen. Orvil A. Anderson, Air War college commander.

Youngsters by the Score Show Pets at Show

The cute, the homely, the common and the unusual and the mongrel and purebred of kiddies pets in Palm Springs today competed for prizes in the annual children's pet Western fashion show of the 11th Annual Desert Circus.

Staged under the direction of Bob Bennett as chairman of the special circus committee, the show drew scores of children to the tennis courts of the Palm Springs Tennis Club between 1 and 4 p.m. Trophies and ribbons went to the winners in the various divisions.

Special entertainment had been arranged by the chairman for the young visitors. Bozo the clown was there to keep the tots amused with his antics and his tricks of magic, and Clinton "Cap" Bassett put his trained dog through her routine. Bassett and the dog were in a stage act for years.

Suspect, Sought for Two Months, Caught

Sought for more than a month by local police on a warrant charging grand theft, auto, Arthur "Buster" Bates is being held in Los Angeles Police department where he is serving time, following conviction for being drunk and disorderly. When he completes his present sentence he will be turned over to the authorities of Palm Springs.

MAKE 'EM CURIOUS

"Can you spare me a moment? I am not an insurance canvasser," said the man on the doorstep. "I do not want to sell you soap, toilet preparations, undies, books, or anything of that sort." The door had been closing, but paused in the movement. The householder was reassured. "I do not represent a sewing machine firm, nor any which sells radios, vacuum cleaners or motorcars." The door opened a bit wider. "I'm not a collector either of

information or accounts—I find it hard enough to collect a living myself."

The reassurances had their effect; no longer was there a sign of the door closing.

"I'm not a canvasser for any political party, and I don't want details for a directory."

The householder stared at him. What are you, then?" she asked.

"Ah, he said, 'I see I have you interested! I represent a firm which deals in photographic enlargements.'"—Wall Street Journal.

Come the Spring Rains: One realistic contractor we know of has finished several houses of green lumber and blithely thrown in a pair of pruning shears with the sale of each house.

One "middle-of-the-road" politician attributes his stand to his earlier training in the highway department—painting those white traffic lines.

It is the very essence of love, of nobleness, of greatness, to be willing to suffer for the good of others.—Spencer.

ONE OF THE centers for Hollywoodians in Palm Springs is Charley Farrell's Racquet Club where the stars of stage, screen and radio come to Palm Springs to enjoy the sunshine, the pool and tennis. Farrell, a former screen star himself, plays the

perfect host to the stars of today. Farrell is shown at the left and a typical Sunday crowd around the pool at the club at the right.

SPOTS

Before Your Eyes

By BILL RASHALL

I know a group of veterans in the Village who are figuratively holding their breath and silently praying, each to himself, that Sunday morning dawn's bright and clear throughout Southern California.

They are also hoping that the lure of the desert, especially Palm Springs the day after tomorrow, will be an excursion hard to resist.

THE REASON—the first annual Desert Air Circus to be staged Sunday, April 13, from 9 a.m. to 1 p.m. There were many in the Village who were critical of the Veterans of Foreign Wars and AMVETS when the project was first proposed and these veterans are hoping that they won't be hearing a lot of "I told you so's." They're going all out nevertheless, to bring the biggest aerial show ever seen on the Pacific Coast to Palm Springs. So what really worries them?—the show is being financed by Villagers to whom they hope they will not be indebted to financially after the show is over and the gate receipts are counted.

It has been proven time and again that the operation of a big business can be entrusted to a young man. Such is the case where the big-time business of

the Palm Springs Chi-Chi is concerned and its young and affable manager Bill Dicky. Dicky has been with the Pig 'N Whistle corporation of Los Angeles for more than five years not counting the time he spent in the service during World War II. If I remember correctly, he is under 25 years of age and doing a swell job.

WATCHING Melba Bennett running the huge cast of the Village hearsal Wednesday night... it's a mystery from where she gets all of her energy.

The settings and the costumes are really terrific and the music and comedy is really out of this world.

A big time show with a capital B, believe me. If you fail to see Village Insanities, you'll be missing the biggest show of the 1946-47 season. Take my word for it, the entertainment will be worth twice the admission charged.

HAROLD MURPHY, owner of the Palm Springs Music company, good businessman and solid thinker, has had his name submitted to the city council as a candidate to fill the vacancy created by the resignation, due to ill health, of councilman Maurice McCann. It is within the power of the council to appoint Murphy if they see fit and there are a lot of voters in precinct number one who believe he is the right person to represent them.

There cannot be a better place to go Saturday or Sunday afternoon than to the American Le-

gion professional rodeo to be staged at the Field Club. All of the money that accrues from this event will go into the building fund for the construction of the Wars Memorial building.

IF THE CITY does get a substantial discount from War Assets for the purchase of portions of Torney General Hospital, every citizen in the community should stand solidly behind the city government. Expected to be involved in the purchase will be the Palm Springs Community Hospital association, and the Desert school district.

Sign of returning to normalcy: Sales people and waitresses are returning to belief in the slogan that "the cash paying customer is always right." Reason? Others are waiting for their jobs.

GEORGE STREBE at the Doll House pays as much homage and gives as much consideration to the little man in for a lowly bottle of beer as he does to those classed as the champagne trade. Must be the reason why his place is jammed every night with everybody from filmboy's high and blue blooded society down to the sales clerk out for a night of entertainment, food and drink.

Busiest gal in town and reported doing a whale of a business is Muriel E. Fulton, realtor. Always pleasant to talk to and an eager listener is David Lyons at Mr. Dees. "Danny" Danzinger's baby long ailing, is reported on the road to recovery now. You should meet Smithy, one of his staff at the Lido. If he has the time, he can talk to you intelligently about most any subject. There is a new and pleasant atmosphere at the Pago Pago—the new manager Don Artz.

SERVICE, PLUS

Lady we know called the information desk at Grand Central the other evening, and just as one of the men answered, a grandfather's clock behind her began striking the hour. She inquired whether a certain train to Scarsdale would be running. "It will, Madam," the man replied, "and so you won't miss it, I think you should know that the clock I hear striking is six minutes slow."—The New Yorker.

Man's greatest productivity in creative work comes at the age of about 35, psychologists believe.

Ads We Expect soon to see: Chef Available—Electronic cooking a specialty.

MOVE OVER, EMILY POST

Another rule of etiquette has been added to the roster at Camp Stoneham, California.

Hereafter, a socially-mature rookie will not cut in or a dance until the couple has danced 25 steps. He may, if he wishes, stalk his intended victim, counting in his ear "10-11-12-13-14" provided he maintains the proper cadence.—The Pointer.

In Europe the young men peasants used to carry a bachelor's button or two in their pockets, to insure their safety and happiness in love.

Gas buses, street cars and trackless trolleys in America traveled more than three billion miles last year, almost 18 round trips to the sun.

Temblor, That Is Village Also Feels That Southland Jolt

That was an earthquake yesterday morning folks and not a dizzy spell as a result of the "night before."

The temblor was felt on the coast from Los Angeles to below San Diego and traveled as far east as Phoenix, Arizona, in about six seconds, according to a United Press report.

However, it did tarry long enough in the Village to be felt by a lot of people. The only damage reported is a broken window reported by a bank in Glendale.

Party Winds Up in Formation of Ball Squad

Young Indians of the Village are going to have a baseball team and it will be a good one.

It all happened last Sunday when Mr. and Mrs. Howard Purdue of the Indian Agency, entertained about 25 Indian youngsters with ice cream and cake. After the feast the youngsters wanted to play, so Mrs. Purdue suggested a baseball game.

It so happened that several adult Indians came along with their youngsters and among them was one with professional experience.

He undertook to organize a team from those present and soon had them under full steam.

Queen Again

Babs Neel To Reign at Riverside, too

The 11th Annual Desert Circus is not going to be her only realm.—Babs Neel is queen again, this time she'll represent Palm Springs at the De Anza Days celebration at Riverside.

Queen Neel was chosen to represent Palm Springs after Mayor C. A. Hyde had received a request from Mrs. Leonard Stefani, head of the Queen committee of the Riverside Junior Chamber, asking him to select a Village girl to act as Palm Springs queen at the event.

His honor consulted with the Los Compadres Club and they suggested Babs Neel, queen of the current circus.

as the 11th Annual Circus is concerned — that was only the beginning folks!

THE BIGGEST CROWDS, hailing from practically every city, town and hamlet in Southern California, are expected to jam the Village to a point where its "seams" are expected to bulge. Up to Friday night the Circus activities are generally staged for the edification of Villagers but Saturday and Sunday, the "bars"

Proclamation

WHEREAS, this is the week of our Desert Circus; and

WHEREAS, it is our civic duty to join in the spirit of the occasion, particularly for the parade and rodeo;

NOW, THEREFORE, I, C. A. Hyde, Mayor of the City of Palm Springs, do proclaim Saturday, April the 12th, a holiday and earnestly urge upon all Villagers that they unite in support of the Circus program—appear in Western attire and participate in all the events. Particularly do I urge our merchants and downtown offices to close Saturday morning, April the 12th — during the parade down Palm Canyon Drive, preliminary to the rodeo at the Field Club.

—C. A. HYDE, Mayor, City of Palm Springs.

are let down and the more "outsiders" that come here to help the community celebrate, the better those in charge of the Circus like it.

Little Bear is again scheduled to lead the giant parade that will wind down Palm Canyon Drive. It will be the fiftieth parade she has led in the Village. Behind her will trail 116 entries, including the famous University of California band, Pasadena Tournament of Roses band, Sherman Institute band, San Bernardino high school band, Huntington Park, and the Bulldogs of Pasadena Junior band. The grand marshal of the parade will be the famed actor, Frank Morgan and his guard of honor will be Sheriff Eugene Biscailuz and his famous Los Angeles County Sheriff's posse.

AT 12:30, A BUFFET luncheon will be served at the Tennis Club and at 2 p. m., the first performance of the American Legion Rodeo will take place at the Field Club. Three dances will take place that night. One to be called the Desert Circus Costume Ball will occur at the Racquet Club and another at the Tennis Club at 8 p. m. A western dance

Police Don't Like To Be Threatened

Constantly beset by so-called prominent citizens the police deal as courteously as possible with these parking violators on Palm Canyon Drive and other congested places. Give one of these repeating violators a ticket and the rejoinder usually sounds something like this:

"Do you know who I am, officer?"

"I do."

"And you still insist on giving me a ticket?" is the next surprised query.

"I do."

"O. K., then; but you'll be looking for a new job in the next few days, remember!"

This happened again the other night when one of the local prominent citizens, according to the police report, "was highly uncooperative. Still insisted on parking his car where he was forbidden by law to do so. Gave the wise guy a ticket."

"He threatened to get my job."

under the auspices of the American Legion is scheduled for the Roller Rink at the same time.

The Desert Air Circus, under the sponsorship of the Palm Springs AMVETS and the VFW, will take its bow for the first time during a Circus Week in the history of that event in the Village. This part of the week's event has been gratuitously underwritten by George Strebe, Frank Portnoy, Wade Miller, David Lyons and Peter Sheptenko. The cost approaches close to \$6000 and advance reports indicate that it will be one of the biggest and most spectacular shows ever staged on the Pacific Coast with both Army planes from March Field and civilian planes participating.

DURING the afternoon of Sunday, the second performance of the professional Rodeo will take place at the Field Club. Some of the best riders in the country will be competing for prizes at this event in bronc riding, bulldogging and in other break-neck stunts.

The money that will accrue from the two performances of the Rodeo will be used by the American Legion in its fund for the construction of the Wars Memorial building. The VFW and the AMVETS intend to use what profit, if any, in veteran's welfare work.

The main beneficiary of the 11th Annual Circus this year will be the Desert Museum.

Real Sunshine for Circus Visitors

Up in the 80s, Palm Springs gave Circus Week visitors a taste of the desert sunshine this week with the minimums also well up but still cool enough for good sleep.

Highest temperature of the week came on Tuesday when the maximum hit 89. Coolest night was Easter night when the mercury dropped to 45.

Temperatures since last reported in The Sun:

They Come Back for More of the Village Sunshine

Mr. and Mrs. R. L. Thorsdale of Seattle, liked the Village so much during their recent visit here they have returned for a second dose.

This time the Seattle couple were accompanied by Mr. and Mrs. Ray Fessler of Tacoma. During the quartet's stay here this time, they spent some time visiting with Governor Walgren of Washington, who has been sojourning at the Pepper Tree Inn with his wife for more than three weeks. Tuesday, the Thorsdales and Fesslers were seen dining at the Doll House and the Tennis Club with Mayor and Mrs. Clarence Hyde. Yesterday they spent some time at the Racquet Club.

Many Guests at El Irisado Here for Circus Week

Mr. and Mrs. William Schorr (Mrs. Schorr was formerly Naydne Elmore, radio executive and actress), just back from Las Vegas where they were married, came to spend their honeymoon at their favorite Palm Springs resort, El Irisado. Mr. Schorr is the well known director of "Bloomer Girl." They will make their home in Beverly Hills.

Spending the Easter holidays at El Irisado—Mr. and Mrs. Phil Regan and their two lovely daughters; Patty Deutsch (daughter of Benay Venuta); Lynne Wasserman (daughter of the well known tennis player, Eddie Wasserman); daily visitors were Frank Sinatra's children, Nancy and Frankie.

Sunday morning all the guests gathered around the pool and sang songs to the accompaniment of "Zac," the troubador. Other guests enjoying the long weekend were Jack and Harry Brieststein, Paul Lazare, Barry Sullivan, Mr. and Mrs. W. B. Spivak and family, Mr. and Mrs. Philip Altbauer, William Wyler, winner of academy award for directing "The Best Years of Our Lives," and the English director, David E. Rose.

Doing the Village

with

Moya Henderson

The 13th Annual Desert Circus got off to a blustery start on Wednesday. The breeze, however, did not effect the crowds attending luncheon and kangaroo court in the sheltered front patio of the Desert Inn. This year's fashion styles in western gear seems to run to hats with gals trying to outdo each other with humorous and glamorous do dads overflowing from the old straw bonnets.

Credit for starting the fad should go to Melba Bennett and her gang from Deep Well who have been decorating their hats for ages. Bob Dart sports a little number with an open the door sign on top. If you are curious try opening that door. Thelma Spalding had her eye on a gorgeous creation in the Spalding's window but an anxious customer talked her out of it. One young lass really had to anchor her head gear well when she went cycling down the drive as the windmill on her noggins threatened to take off with her.

AS A PRELUDE to a week of festivities, the Mexican colony held their yearly fiesta on the grounds of the Frances S. Stevens school Saturday night. Helen Prieto was crowned as Colony Queen to ride in the groups float in Saturday's parade. That enthusiastic gourmet of Mexican food, Ken DuBose was on hand with wife Ruth, Neva and Gordon Young, Josephine Sprague and Gordon Feekings. And down at Thunderbird on Monday another group of local Mexicans were wondering how many tortillas a crowd of four hundred could consume as not more than three hundred were expected at the gala fiesta. An outdoor floor was laid by the swimming pool where a Mexican floor show was presented between dances while Smitty's orchestra played for square dances. Janice Bogert thought she was having spots before her eyes when the magician mysteriously drew three small balls out of her hand she didn't even know were there.

The dress rehearsal for the Village Insanities on Tuesday night turned into a hilarious party at the Tennis Club. From all appearances this will be the greatest

show ever and the cast had good cause to celebrate.

DOWN from Kingsburg for Desert Circus week are Mary and Oscar Hammerstein with their young daughter Sandy. They've been busy swimming every day, adding to the enviable tans they picked up in Balboa before coming to the Village.

It's a girl for Dr. and Mrs. William Elliott. Born Tuesday, April 8th, at the Community hospital, the young lady topped the scales at seven and one-half pounds. Dr. James Oliver, with whom Dr. Elliott is associated, attended Mrs. Elliott.

Marian Hole Pettit was one of the guests of honor at the luncheon given by Mrs. Theodore G. Robinson at the Desert Inn last Saturday. Marian, a Palm Springs high school girl who has been attending U.S.C. since her graduation from school here, is a recent bride and shared honors with Helene Hanbury Hiese and Martha Robinson Jones.

Mr. and Mrs. Walter D. MacWalters and Mr. and Mrs. C. S. Henderson toured to Idyllwild Wednesday by way of San Jacinto and Hemet. The Portland couple made frequent stops en route to study the local flora and returned with sprigs of early blooming manzanita blossoms. The Hendersons were happy to report that Idyllwild is well prepared for the summer months with plenty of water in spite of an unusually dry spring.

THE DESERT TORTOISE

Turtles that live their entire life-time on dry land and never go near water are called Tortoises, and a special species of these lives on the desert. He has the ability to store up water from the vegetable food and the dew thereon that he eats. During the winter months, when such plant food would be scarce, the Desert Tortoise excavates a burrow and hibernates. Some of the larger individuals are over two feet long, and may be seen wandering across the open desert, far from any visible source of water. In captivity, they prefer lettuce and greens. Tortoises lay eggs in the warm sand, which later hatch by the heat of the sun into miniatures of the parent. When bothered, he pulls his head and limbs up into his thick shell, completely protected from all attacks.

A turkey has been grown for every three and one half persons in the U. S. during each of the last few years.

THE JUMPING CACTUS

The Jumping Cactus or Cholla (pronounced Choyyah) is the commonest of our many kinds of local cacti, and the most impressive with its mass of long golden spines enveloping the fat joints. Each spine ends in a microscopic hook, so that you only have to brush against it and the joints readily break off, adhering to your skin or clothing. Thus, they apparently have "jumped" at you as you passed, as so many cowboys will tell you. The dried skeletons of the Cholla Cactus form the commercial cactus wood used widely in making ornaments and curios.

THE SMOKE TREE

So-called because it is supposed to resemble a puff of blue-grey smoke in desert wash where it grows, the Smoke Tree is without leaves nearly all its life, presenting a formidable array of spiny branches. In the seedling stage it does possess prominent leaves, but these are soon shed once the tree gets a firm grip in the soil, and only occasionally thereafter will you see small functionless leaves on the plant. It is a favorite article for use in dry displays in homes, but like all wild desert plants and flowers, is protected by law.

Tennis Prospects Better Than Ever Says Coach Weeks

"Our chances are far better in tennis than they were last year," declared John Weeks, tennis instructor. "The girls' team has improved greatly since last season and the boys' team is equal if not better than last year's sextet. Last year's boys' team not only won the East Riverside League but had the highest number of points in the Riverside District Tournament.

This season will start sometime next week, Mr. Weeks announced. The other schools in the East Riverside League are Banning, Beaumont, and Coachella. The winner goes to Riverside District Tournament.

MR. WEEKS gave out a tentative list of boys and girls team members. In both the boys' and girls' teams the fifth and sixth places are still being battled for. The boys named for the team are: Don Williams, Tom Archer, Jack Pendry and Ed Willis. The girls named so far are: Diane Heller, Sally Robinson, Mildred Potter and Barbara Croft.

There are also a great many good prospects in the beginners, said Mr. Weeks.

Aunt Amy is under the impression that this "portal-to-portal" business has something to do with the war-sponsored "share-the-ride" campaign.

CLASS RINGS

Every year at this high school the Junior Class orders class rings. These rings are always different from those of the year before and are of a stock variety that looks like costume jewelry. These rings are selected from samples that a salesman brings around and are like all of the other class rings sold all over the country. The only distinguishing feature of these from other rings is a P. S. printed on the side. Other schools all have the same type of rings, except they have their school's initials on the side. From a glance they look the same as all other class rings.

The salesmen like to sell this type of ring as they have the dies already made and they make the most profit from them.

Why doesn't the school decide on a special type or design of rings that can be distinguished from the rings of all other schools? After this special design is decided on by the student body, a die could be made for the school and the same type of ring could be had each year. The school could buy this die or the Senior Class could leave it as a class gift. The initial cost would be a little more the first year but considerably less in following years.

With this method all of the Palm Springs high school rings would be the same. A graduate could easily tell the ring of this school when he saw it worn by another person or not.—Ralph Woodward.

Second Annual P. S. H. S. Relays Saturday, April 12

The second annual P.S.H.S. Relays will be held here Saturday, April 12, at 1:30 p. m.

According to Coach Scott Thompson, eleven schools have accepted the challenge. These are El Centro, Brawley, Holtville, Coachella, Banning, Beaumont, San Jacinto and Hemet.

Coach Thompson's schedule reserves relay events for "A" class, and four for Class "B", with numerous events for individuals in both classes.

THREE LARGE trophies will be given by Dr. Oertel, principal of P.S.H.S. A. Archibald of the Palm Springs Drug and Import Co., and Weingartner and Hough Company.

Medals will be given to teams and individuals, and ribbons to fourth and fifth places.

The latest track schedule as released by Coach Thompson is as follows:

April 18—Coachella at Palm Springs.

April 25—Beaumont at Beaumont.

May 3—League meet at Riverside.

May 10—Divisional (Place Unknown as yet).

May 17—S. C. I. F. at Oxnard.

May 31—State Championships at Visalia.

(This schedule is subject to change without notice. However, any change will be published as soon as possible).

A recent poll disclosed that 60 per cent of the ordinary run of people are a bit hazy as to what portal-to-portal pay means. Another 39 per cent make it more confusing when they start to explain it.

Junior-Senior Prom Scheduled Friday, April 25

Final plans have been made and a definite date set for the annual Junior-Senior Prom. It has been a tradition for the last eight years for the Junior class to honor the Seniors with a formal banquet. In keeping with this tradition the Junior committee confirmed the report this week that the event would take place at the local Desert Inn on April 25.

Sally Robinson has been chosen to reign as the Prom Queen. She will be presented with a crown constructed entirely of flowers. Sally will lead the Grand Promenade through an Archway that will also be decked with garlands of flowers.

THIS SPRING DANCE marks one of the last high school formal parties the seniors will attend as students of Palm Springs high. The Prom is regarded as a farewell to the out-going Seniors and a salute to the incoming Senior class.

The Junior class advisor, Mr. Paul Summers, commented that Juniors and Seniors ONLY are

By LO LO VALLIER

Once again 'tis almost deadline time which means it's time for me to get on the ball with one powerful overhand toss and get this old column rolling along. So, I'll pitch you a little in this familiar old game called gossip. America's favorite sport of today.

Love life as ever is blooming on the old campus, so romance n' stuff is first on the list of interest. Bill Emery seems to have really taken a swan dive for Ann Wells, and while speaking of the antics of the new boys it seems that young Kenny Jackson just enjoys paddling around. Once we saw him out with Marlene, once with Mary Louise, Dixie and others too. Ed Jackson and Dawn are floating gently along. Jo and Red seem to pass over a little rough waters now and then but no drastic dunkings as yet. Don Williams isn't just sunning on the side lines himself. Maybe there's something cooking besides sun tan oil in the sun between him and Marlene.

THERE CAME a near drowning to the love affair of St. George and Virginia. But that old stuff is all wet. I believe in artificial respiration. Looks like some of the glowing love affair of McKinney and Charlene is beginning to peel like an old sunburn but the sun can penetrate again. Just you wait and see. And what about last week's best rumor. I refresh your memory. It was started on Tuesday night up on Snob Hill that Nick and Slocum took that last fatal dive from the high board into the pool.

to participate in the festivities, as this is a privilege and an honor bestowed on the two upper classes.

(marriage). But this story holds no water and neither did 'the pool.

Parties! Parties! Parties! We had no big, long, hairy Easter vacation but we made up for it with our many gang-ups in various sections of the town. Wednesday night Jeanette threw one of her famed little get-togethers. Virginia was there with Chuck, Johnny was with Jeanette, Red without Jo, Jackson without Dawn, Stinson with Bonnie Sue, and numerous new faces, out of townsters who somehow discovered that there was a little dig at Jeanette's. There were plenty of 'em too—all shades and flavors.

THURSDAY NIGHT good ole' John decided he would have a little party out his way but when the gadding girls got to his familiar place, scene of many parties, there was a friendly little sign posted on the wall which told both friends and foes to meet way up above on the hill of snob. And so they did. Were I a little more energetic I would name each and every little cracker crumb who went zooming up but I fear I shall be a little bit of a failure and miss a few 'cause I'm (Please Turn to Page Eleven)

Jay Holderman Is Selected on All-County Team

The fact that Jay Holderman, P.S.H.S. basketball center, was chosen as a guard for the Riverside County All-League team by the coaches of the schools represented at a league tournament recently, has just been released by Coach Scoot Thompson. Holderman is the first Palm Springs boy to receive such an honor.

"The spark plug of the desert team," so said the Riverside Press in describing Holderman's abilities as a basketball player.

Holderman showed great promise towards the end of the season last year when he hid some outstanding playing in the Coachella game. He showed his ability to ring up points early in the beginning of this year.

Holderman, a senior, has been active in other sports, winning letters in football and track also. This year Jay served as Captain for the Palm Springs Five.

Seniors Victors in Interclass Track Contests

A week of close running competition between the individual classes of P.S.H.S. has ended in an overwhelming victory for the Senior class. With the exception of the 66-yard, 132-yard dashes and the high hurdles and high jump all previous records were broken.

This was expected because it is the third year that an interclass track meet has been held. The classes in order as they ranked in the meet are: Seniors, Juniors, Sophomores, and Freshman classes.

The present Senior class has won this meet three straight years.

In the spring the young man's fancy will turn to — two-pants suits. At least clothing manufacturers say the double-pants variety will reappear on the market this coming Easter.

telling you with all deepest sincerity that it was no meager gathering. Candi was with Gillar, Jo was with Red, Jeanette was with Johnny, Slocum was with Nick, Dora was with Lineau, Bonnie Sue was with Stinson, Lopez, Williams, and other stag men. There were still car loads of others but I could never name them all so why even try?

By the way, if you're wondering why the gleam in Cherie Mashburn's eyes, is 'cause big brother Paul is back in Palm Springs again.

FRIDAY NIGHT Sandra gave a bike party. The kids who pedaled their way out to the Butte were Sandy and Chuck, Coni and K. K., Nancy and Jim, Mary Katherine and Earl, Norman and Elanne, Ann and Johny Thatcher, Dixie, Mabel, and Betty Wright.

Also in the same vicinity were Red and Jo, Jeanette and Johnny, Candi and Jerry, Mrs. Veano had a big fire burning, some hot dogs, cokes and cake. Everybody seemed to be enjoying themselves 'cause that wasn't trout to the snout.

Now Saturday night was really the night when everyone was in the gay groove and I'm pulling on legs. Ed Ewart threw one of this year's best big digs. There to enjoy the hundreds of merry past-times present were Jackie and Jerry Tracy, Jackson and Dawn, Carl Burket and John, Don Whitehead with a friend of Carol's, Jo and Red, Virginia and Chuck, Dora and Lineau, Jeanette and Johnny, Milly and Jim Partrich, Ed himself with Marie, Candi with Les Wogburg, Bonnie Sue with Les' friend Bob again, Jay with Ella Ruth this time, Gen with Archer, Shirley Renville with Ed Wills, Slocum and Nick, Wino and Klug with some out-of-town girls, Larry Pierce and Judy Belle, Gary Moore, Don Williams, Morie, Milton Knapp, Phil Saunders, Brady, and loads of others. You could eat and drink, listen to records, listen to the piano banging, dance or anything else. Very mello! Gary Moore just loves to be sprinkled with ice cold water. Don't ask him about it though. Red got a little perturbed at Jo for giving more attention to the piano and beating out the boogie than to him. Never the less all went well and every single person had a really marvelous time.

Thanks to Ed for giving us such a good party.

SUNDAY NIGHT the gang just went to the show. Nothing really thrilling happened, but Monday night there was a mellow meet of a few elite at that luscious place of our dreams. (not nightmares). 'Twas a fine swimming party and bathing suits did get wet. Paddling about in the pool and out were Dick Henson and Joy, McKinney and Charlene, Virginia and the saint, Candi and Stinson, Chuck Wilson and yours truly. The lights were low and mellow for dancing, and what not, but blast the fool with his infernal flash camera. Charlene had a little trouble with a certain something which is really a case for the lost and found department. Candi and Stinson had their little clashes but there were no black eyes. Henson walked around with a laugh inspiring perpetual blush—or was it moon burn. The moon shine gave plenty of light. Ah, capers by the cactus! What sheer delight! Joy feared for Henson's life but he lived on to the regret of none for this fine deal was all his idea. Henson and Stinson held feet for a while but growing weary of this past-

time turned there thoughts in other directions. What a notorious night!

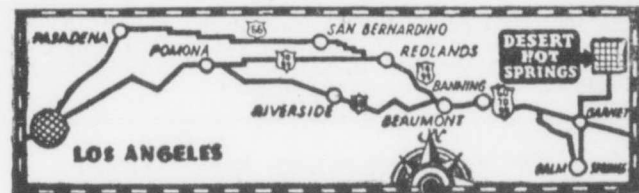

NOW, before I close, as elated as I am over the mere mention of what was mentioned in the last paragraph, I must state that Nancy and Dot Du Bose notorious cousins of Don Du Bose got picked up by Maytag, Potter's and a couple other bums from Webb. Up to Snob Hill sped they. Don says the little dears didn't even make it home at a reasonable hour. Oh these disgusting people who don't get home early! Oh, I can't conclude now. I forgot about Sunday afternoon. Out swimming in Palm Village were numerous noted personages. They were Jo and Red, Jeanette and Johnny, Searles and Croft, (Searles is the life guard now), Ellsworth and Stinson, Jackie M. Jackson (the Framin kid) Chuck Wilson and others. Ask Johnny, Red and the Framin Kid to sing their little song for you. You'll love it.

In conclusion I will expose Jill Norris. She was dreadfully disillusioned Easter morning upon discovery that the Easter Bunny had left her no eggs.

NEW FLEET—Here's a lot of riding comfort for Villagers and winter visitors going places in a hurry. It's the new delivery of ten taxi-cabs for the Tanner Motor Livery of Palm Springs.

From Head to Toe

By BARBARA K. SCHILLY

Waal, everybody at the Kangaroo Court and Fashion Show looked so dang cute we just cuddin' figger out who looked best... nor who does this Western accent stuff better... Conky Conklin or your reporter.

The winnah of the gal's style show was Phyllis Shinner... who looked cool and colorful in her dark green pants and satin

blouse... both trimmed in yaller flowers. Confessed Mrs. Shinner that the outfit was six years old.

Joan and Peter Reed... of the kindergarten set were dressed identically in levis and plaid shirts and stole the prize for the best dressed couple.

Mr. and Mrs. A. A. Burnand of Borrego won the adult couple's prize and looked natty in their cowboy suits.

Others we couldn't help but notice were:

Thunderbird's Frank Bogert in all his flame and glory looking very classy (definitely not classy) in his orange shirt trimmed in pink with a great big "drink Boca Chica Rum" sign on back. Andy and Connie Anderson, Pueblo owners, looked mighty purty in matching cowboy suits... they looked exactly alike except we hear tell Connie's toenails were painted silver... we didn't check on Andy.

Caroline Hicks in a bright brilliant red shirt and black pants trimmed with big beautiful flowers.

Prize hat of the day was worn by Madalyn White... she had a whole pack of cards glued on it... very tricky (get it, tricky).

Last year's prize winner of the fashion show, Barbara Hinkle almost won again in her iridescent red satin blouse and striped pants suit.

Tom Burness, Desert Retreat manager, looked about the soberest cowboy we've ever seen... all in beige and not a single flower or plaid trim.

Senor Bernardo of Hollywood looked Western in a blue suede shirt and red kerchief.

Vivian Archibald made a wonderful color combination in her bright red suede culottes and bolero trimmed in black fringe... plus her black hair and of course ruby lips.

Blond Mrs. William Larrabee in a black outfit and black hat... a good idea for gals with golden coils.

Marielna (the beaut) Borden in a good looking striped satin blue shirt.

Attractive Mrs. Ted Reed in a black and chartreuse fancy Western outfit... white holster and all.

Queenie Babs Neel looked mighty purty in her wool beige cowboy suit trimmed in pale blue flowers.

Also looking very queneely and keenly was Ruth Roberson Velour, last year's queen, in her chartreuse shirt that set off her lovely red hair.

Pricilla Chaffey looked Western... that is, in a Mexican sort of way... in a red and yellow paisley dress... worn with a most wonderful heavy silver belt.

Barney Hinkle, Circus Chairman, in a purple shirt and checkered pants that could have passed him for a sharp shootin' gambler of the old West any day.

In denim culottes... fringed in white and worn with red boots was Dottie Gorham.

Mrs. Jacquelyn Ames wore a beautiful green satin blouse... trimmed with a red grape design and worn with a red hat.

Then... after getting the spots away from our eyes, we realized that those flaming flashes were Mr. and Mrs. Stanley Rosin in the reddest red, that is, red cowboy pants we've ever seen.

'Twas fun and colorful and just because we are in the spirit of it all... yippee yay yahoo!!

Unless we reduce our debt when business is good, we shall never reduce it at any other time.—Sen. Irving M. Ives, R., N. Y.

Tanner Cabs To Run All Summer Is Announcement

Mrs. Polly Isenagle, manager of Tanner Motor Livery here, said today that the company would remain active all summer here and that she planned to remain here throughout the summer.

Ten new cabs have recently been delivered to the company and are now in operation. Besides taxi-cab service, busses to the depot will also be in operation this summer.

She also explained the new flag-drop system installed on the cabs. Formerly when a cab was engaged and the flag dropped, a 15-cent charge was registered. It now is 25 cents.

Noted Guests at Casa del Camino for Circus Week

The Casa del Camino was teeming with noted guests this week. Among those registered were:

Mr. and Mrs. Jack Warner of Warner Brothers studios of Burbank. They are here for a two weeks stay.

Bob Anderson of Anderson's Cuisine of Maywood, who stayed over Easter.

Leo P. Keating, Pacific Chenille Craft company of Sydney, Australia, and managing director of Goulburn, New Castle.

Mark Hopkinson, Pacific Chenille Craft company of Los Angeles.

Bob Wertz, color photographer, of Santa Ana.

SO THEY SAY
There is not only actually very little resentment toward Allied troops in Japan, but the people in general are very friendly toward our soldiers.—George Atcheson, Jr., chairman Allied Council for Japan.

Commercial fishing, principally for salmon and tuna, is a \$25,000,000-a-year business in Oregon.

THE BRITTLE-BUSH

Probably the most abundant low shrub around Palm Springs is the Brittle-Bush, also called Encelia or Incensio. It is rounded in shape, with silvery gray leaves, and in the spring sends up dozens of thin stems which bear bright yellow sunflower-like flowers. It is called Incensio or Incense Bush because the early

padres were claimed to have gathered the pitch from these stems to burn in their missions as incense. The botanical name is Encelia.

We are ready to admit many things about ourselves at times but the main thing, and that is our guilt before God.—Rev. Dr. Ralph Long, National Lutheran Council director.

Shadow Mountain club swimming pool near completion at Palm Desert. This gigantic pool is 130 ft. long—the large circle being 80 ft. in diameter and the other 60 ft. It is 11 ft. deep at the north end and 3½ ft. at the south. It will take approximately 23,000 gallons of water to fill this unique pool,

which is no problem to Palm Desert—their well pumping 703 gallons per minute. This picture shows the pool being gunited by the Johnson Western Co. Guniting is a special process of spraying concrete on the walls and bottom, which gives a maximum strength and a minimum of shrinkage. A

special filter system will be installed, through which the water will be continually circulated. Joe Kroll, Project Engineer for Palm Desert, expects to have the pool completed in about five to six weeks—just in time for swimming when the warmer weather sets in. (Gayle Studio Photo)

THE COYOTE

Common over all our desert country is the Desert Coyote, the wild dog of the arid regions. Originally, in competition with the wolf, he was chiefly a scavenger, merely following the wolf packs and feeding on whatever they left. But since the wolf has been eliminated over the most of its southern range, the Coyote has become much bolder, and in some settled areas is a distinct nuisance, raiding the chicken yard and causing considerable damage. One Coyote can howl in so many different pitches that you would swear there was a pack of half a dozen of the creatures around your campfire instead of just one individual. His wild food consists of squirrels, rabbits, hares, and mice, which he runs down at full speed or else digs up out of their burrows.

the position of commander. Dr. Church, home owner at Rancho Mirage, served as a colonel during World War II and was a widely acclaimed surgeon in the bay area around Berkeley and Oakland, California, before the war. Hilton McCabe, who just opened law offices in the Village, was a lieutenant colonel with the Foreign Claims department in the European Theater of Operations and recently purchased a home here. Gene Johnson, returned from the war to open a real estate office here, and Jay Rollman is employed by the Santa Fe Railway company as special passenger agent in Palm Springs. Pegi Scott is engaged in a public secretarial and notary business in the Village. Don Cameron, long a resident on the desert, is now the real estate agent on the tract for the Palm Del subdivision.

Venable Tract Newest To Open in City Limits

Considerable interest has been manifested in the Venable tract at the South end of town, the latest subdivision to be opened within the city limits of Palm Springs.

Restricted to the use of single family dwellings, sales in this tract are reported moving at a satisfactory pace and quite a number of home sites have been sold. Homes are expected to be under construction within the near future.

The area about the Venable Tract is well developed with fine homes in existence and those who have purchased sites there plan to build dwellings in keep-

ing with the surroundings. Each home is restricted to a minimum of 1500 square feet, thereby forecasting the type of development that will ultimately take place on the tract.

THE VENABLE TRACT is owned by the Venables, long residents of Palm Springs and ardent boosters of the desert. Fay Bainter (Venable) is the well known star of stage and screen. Both she and her hus-

band, Commander R. S. Venable, will be in the Village this week-end to inspect their tract. Muriel E. Fulton, realtor is the exclusive agent for this tract. Of all the developments that have been recently opened, this one is the only one where all of the conveniences like fire protection, city water, electric lights and gas are easily obtainable in addition to local police protection.

William Rashall Elected Head of Amvet Post Here

Palm Springs Post 34 of the American Veterans of World War II, one year old this month, elected new officers at a regular meeting Monday night.

With a good turnout of members, the elections took more than two hours to complete and found Bill Rashall, one of the organizers of the organization, elected to the post of commander. Don Cameron, who also played an important part in the creation of the AMVET post here, moved from second vice-commander to first. Joe Fuller was selected to fill the post of second vice-commander and Walter Pagan that of third vice.

FINANCE OFFICER's position was filled by Gene Johnson. Dr. Claude Church, state vice-commander, was elected to the post of service officer, and Pegi Scott, secretary, became the post historian. The chaplain's office was filled by William R. Putman. John F. Miller was elected to the job of provost marshal and the judge advocate's office went to Attorney Hilton McCabe. The post's surgeon found Dr. Joseph A. D'Alessio elected to that position. The executive committee is composed of Jay Rollman, Dr. D'Alessio and Shirley Berton.

During the business meeting which followed the election of officers, Putman's motion to ask a state building inspector to visit Palm Springs and investigate the quality of materials and craftsmanship that has gone into the construction of veterans' housing, was carried. A letter extending the invitation will be sent this week.

A REPORT from the committee appointed to the directorate of the Aerial Circus corporation was made and work details connected with the staging of the air circus next Sunday morning was allotted to Walt Pagan, in charge of ground activities at the Palm Springs Airport. Bill Rashall, Desert Sun staff writer, succeeds Frank Bogert to

Any man's Darling—every man's Pride

Who says you're only young once?

Take a look at this trim, new Buick — or better, take its wheel — and see just how wrong that old saw is!

One look at these sleek lines, the long, taste-of-tomorrow fenders — and just watch yourself start getting young ideas.

Find an open road, gun this beauty just a bit — and see how the spirit of springtime wells up in your soul and sets the red blood coursing.

Good road or bad, on these soft all-coil springs you take everything with youthful zip and zest, quite freed from jar or jolt.

City street or country road, with all this poised and husky roadweight beneath you, you travel your level course, steady and non-swerving even on curves.

Pull up somewhere — and see how people turn to note the Very

Important Person who's arriving.

Take it through the tangle of traffic and see how nimbly it maneuvers — check it at a boulevard stop and see how sure and positive its controls are.

In all truth, here's a car that's any man's darling, every man's pride. A car that not only meets your needs for transportation, but satisfies your every hankering for size and power, style and room, solid worth and top-dollar value.

Naturally, it's a much wanted car. America's most wanted automomobile, in fact. Definitely not the number to be picked up off the counter any time, anywhere.

That's why forethought pays and prompt decision gets results. You are simply playing safe when you get your order in now!

ROBERGE OFFERS

We have just listed a 6-room,
2 bedroom and a sleeping porch,
home well planted with shade
trees and lawn on a large cor-
ner about a half mile from
Banning. The owner offered it
at \$9,000.00 and indicates he
will trade for Palm Springs or
any part of the Desert area.
It is an ideal summer home and
it is away from the heat and
by the way, the heat is coming
soon and it is a good idea to
arrange for your Banning home
now. It is mighty cool here in
July.

Two fine highway homes have
recently been listed and both
houses are built so that the
frontage is available for im-
provement with a business
building. It so happens that
they are both priced at \$6500.00
and they are not even close to each
other. They are both two bed-
room homes and one has over
600 feet in depth and the other
228 feet. You can buy one on
the North side of the highway
for \$1250.00 down. Drop in and
let us discuss these and other
available homes at your con-
venience.

It's a steal!
Everything about it
Has living appeal!

It's priced way down low
To fit your purse
And if you miss this
You'll just curse!

Two large closets
And it sleeps four
21 1/2 feet long
And room galore.

ALL THIS GOES
For thirteen-fifty
Gee, by golly, this buy is nifty!

Falsehood is in a hurry; it may be at any moment detected and punished; truth is calm, serene... its judgment is on high; its kind cometh out of the chambers of eternity.—Joseph Parker.

Birth cards, instead of certificates have been adopted by seven states of the Union: California, Mississippi, Nevada, Ohio, Oregon, Tennessee and Washington.

Personalities

Errol Flynn with his beautiful wife Nora Eddington is resting at the Racquet Club. They have just become the parents of their second baby girl.

Donald Budge, still one of the

greatest tennis players in the world today, is the houseguest of Bill and Mousie Powell. Already the center court at the Racquet Club has been worn smooth by Budge and Flynn battling it out.

Jimmy (Snozzola) Durante is in town and entertaining every one he meets with his wonderful

sense of humor and his wacky songs.

Bob Considine, famous war correspondent, whose articles inspired the motion picture "The Beginning of the End," is also enjoying these spring days at the Racquet Club.

And last but by no means least, Jack Benny is back for golf and laughs. Wherever Jack goes there is always humor, kindness, and a warm feeling of friendliness. He loves Palm Springs and Palm Springs loves Jack.

It seems fitting this week to mention a few of our own personalities—

Barney Hinkle, quiet and efficient president of the Desert Circus; Melba Bennet, producer of the Village Insanities, who has more drama in her little finger than most Hollywood producers could ever imagine; Trav Rogers, genial sheriff of the Kangaroo Court who has gathered together the prettiest group of Deputies in the west. Beware, you dudes! Leo Fields, the Honorable Judge, who has never missed presiding over the Kangaroo Court during all the years that the Desert Circus has been in existence; Phil Delano, able chairman of the famous Desert Circus Parade; Frank Bogert, boss of the rodeo, who has worked so hard for its success.

A Osborne Mayer and Miss Rosalie Mayer have been the house guests of Mr. and Mrs. Walter Bishopp at their home here. They left this week for their home in Waterville, New York. While in southern California they visited friends in Hollywood, Pasadena and Redlands.

Among those at La Paz now are Mr. and Mrs. W. R. Lynn and son, San Francisco; Mr. and Mrs. Harold Sparks, of Newton, Mass., who are honeymooning; Mrs. Harry Beaumont and her daughter, Beverly Hills; Mrs. Allen Heavly, and Violet Hueter, Santa Barbara; Mrs. Charles Dunne and Allen.

Arriving to make Villa Hermosa his headquarters during Circus Week is Leo Fields, of Los Angeles, who will serve all week as judge at Kangaroo courts.

Returning for their fourth visit this season to the Villa Hermosa hotel are Mr. and Mrs. Harry Friedman with Mr. and Mrs. M. Gold, of Beverly Hills.

Northerners enjoying the desert climate while they lounge by the pool at Villa Hermosa this week, are Mr. and Mrs. Edward Keller, San Mateo; Carl Verdea, owner of the White House store in San Francisco; J. D. Thorne, Jr., Monterey, and Sam Smith, San Francisco.

Noted Horsewoman Guest at La Paz

Mrs. Dollie Adams, owner of the famed Dollie Farms in San Francisco and San Luis Obispo, arrived in Palm Springs this week and is spending much of her time at La Paz Guest Ranch. Two of the finest of her string of horses were shipped to Palm Springs and will appear in the Desert Circus parade on Saturday and at the Rodeo both Saturday and Sunday afternoons.

The horses, which are stabled at La Paz, include an Arabian stallion "Barad," and a Morab (meaning half Morgan and half Arabian) stock horse, "Sernadin." Barad, an eight-year-old Arabian stallion, has only been out of the Arabian desert for two generations and he is a direct descendant from the Lady Wentworth stables in London. Truly the outstanding horse of its type to appear in the Desert Circus parade on Saturday, the horse is of the most gentle nature and enjoys dancing along to the band music.

The horse and rider, Charles Eberens, truly will be one of the most picturesque entries in the parade with the beautifully silver-mounted saddle and riding outfit. The black carved leather saddle is decorated all over with sterling silver carved pieces inlaid with gold and rubies.

SERNADIN, a registered stock horse of the Morab class, will be ridden by Randolph William Apperson, of Hearst ranch at San Simeon, California. This horse will be shown in the stock class at San Diego on April 25, and in Los Angeles on May 4.

3 Hours of Thrills On Schedule With Top Stars Present

One of the biggest features of the 11th Annual Circus comes Saturday and Sunday when the American Legion sponsors an all-star rodeo at the Field Club. Frank Bogert is in charge of the championship affair and said that all was in readiness for the first events tomorrow.

Top-flight riders of America will participate and seek a share of the \$2,000, ready for the winners.

THE WAY the tickets for the event have been going for the past few days, a large crowd is expected both days.

According to Boss Bogert, the best trick riders and ropers of the west, the funniest rodeo clown and other stars, are on the bill. Three hours of thrills and fun for the cash customers has been programmed.

EVENTS are scheduled to get under way each day at 2 p. m. with the entry of Frank Morgan, grand marshal, and the participants.

Immediately afterwards, action will start. Among those who will perform will be Gene Rambo, 1946 American champion cowboy.

Many movie stars who do a thorough job of horsemanship will be on hand to try their luck.

PROCEEDS from the Rodeo will go to the Owen B. Coffman Post, American Legion, World Wars Memorial Fund and to the Desert Museum.

New Plunge Under Way at Desert Hot Springs This Week

Construction of the new \$25,000 bath house to be built by L. W. Coffee, new owner of the Desert Hot Springs plunge, is well under way. It started a week ago Monday on schedule, and by Tuesday evening the foundations had all been dug and most of the material was on the premises.

Coffee spent the weekend in Desert Hot Springs and is expected to return the end of the week to supervise the work. In his absence Jim Cummings is in charge of building operations with Ronald Reardon sub-foreman.

Lane Crossley, contractor for the building, was reported on his way to Desert Hot Springs from his honeymoon trip to New Mexico, following his marriage less than two weeks ago to Miss Yvonne Ashworth Camm of St. Annes on Sea Lane, England.

A full crew of local workmen is expected to be employed by next week.

Mr. and Mrs. Floyd W. Wallace and family of El Segundo are guests at the Mir Monte Hotel, here to take part in the 11th Annual Desert Circus.

NANCY

By Ernie Bushmiller

An erroneous report on the anticipated shakeup of a large city's police force was traced to an innocent order for a new fleet of jeep cruising cars.

Hilton McCabe Opens New Office

Hilton McCabe, attorney and former law secretary to Justice Douglas L. Edmonds of the Supreme Court of California, announced the opening of his office at 315 North Palm Canyon Drive.

McCabe attained the rank of Lieutenant Colonel in the army during World War II and saw duty in the European Theater of operation, assigned to the Foreign Claims Service in the Judge Advocate General's Department. At various times, he was stationed in England, France, Belgium, Holland and Germany.

Recently he purchased a home in Palm Springs. He is a member of the Rotary Club, Palm Springs Horsemen's Association as well as a director and a member of Post 34 of the AMVETS. He is admitted to practice in all courts of the state and the Federal district court in this and the Northern District of California as well as the Federal Circuit Court of Appeal. He is married and the father of three children.

MODERN WAY

A ruffled schoolteacher demanded of a bright-eyed ten-year-old how long he had studied a poorly recited lesson.

"Well," drawled the little boy, "I studied from 'Blondie' until ten o'clock news." — *Capper's Weekly.*

Roasted locusts and grasshoppers are a staple food in parts of Mexico.

Greatest Traffic Influx in History Expected Tomorrow

Palm Springs policemen are prepared and ready for the heaviest traffic in Village history with the greatest influx of motor vehicles due Saturday and Sunday.

Stressing the value of good public relations with the thousands of visitors, Chief of Police August Kettmann, announced that all officers of the department have been briefed in a maximum of courtesy in handling the crowds. At the same time Kettmann asked for the cooperation of the public in working out the problems attending Circus Week.

"WE ARE PREPARED to provide assistance and exercise restraint," Chief of Police Kettmann stated, "so that both visitors and Villagers will enjoy a maximum of freedom and a minimum of inconvenience during the rest of Circus week."

He issued a few "Don'ts" which may lighten the police load:

"Don't leave the keys in your car."

"Don't forget to look your car over carefully when parking it overnight."

"DON'T FORGET to report any lost articles or thefts as soon as discovered."

"Don't forget to be wary of strangers who are overly friendly or take uninvited advantage of your hospitality."

"Call the police department, (telephone No. 2144) immediately concerning any suspicious person or circumstances."

THE CHIEF ADDED that in the event of accident, ambulance service is available by calling the police department. Emergency service is provided at the Community Hospital 24 hours a day. He said that members of the police force are skilled in providing first aid and handling of injured persons.

Because hundreds of equestrians will be active during the remainder of this Western celebration, the Chief cautioned horsemen to avoid riding on paved roads, except when it is necessary to cross. He pointed out that numerous riders and animals are injured each season in falls on oily, slick surfaces.

Each member of the police department will be working extra long hours during the 11th Annual Circus, the bulletin board at the station indicates.

Bringing with him a large silver-trimmed saddle, prepared to ride in the big Circus Week parade, Saturday, Earl Grey of Los Angeles, and Mrs. Grey arrived at the Miramonte this week for the Desert Circus events.

Woman's Club Sounds Appeal

Will you please pay your annual dues of \$2 by April 16, the last meeting of the season? This is especially important this year as the club voted to federate and dues to the Federation must be paid by October 1, at which time a list of all paid-up members must be given. The new by-laws will be printed in the next year book, and the names of all paid-up members of the club must be compiled as soon as possible.

Sez I

By MARY WOLSETH

"We want to give everybody with a kick against the new order of garbage payment a chance to straighten it out with the Sanitation Committee at frequent meetings of the committee at the Town Hall" sez Mr. L. C. Lewis, chairman of the committee. "That's why I'm calling an open hearing for Thursday night to hear suggestions and grievances. Mr. Kopp says that there are a few instances among the landlords of multiple units where they have been paying less than the standard price for their other units, that they are objecting to standardization of these rates. We believe that in some instances they may have a just cause for complaint because whenever changes are made there are bound to be mistakes. If we have made them we will adjust them. Mr. Kopp has no power to do this. He is only taking the money and giving the receipts for us."

People in this town have shown that when they feel a procedure is reasonable they will abide by and live up to it. This should be particularly true of court owners who deal with the public every day. When the new system is understood, it will be appreciated and followed. It's our nature to resist change at first even for the better, sez I.

Art Exhibit Draws Much Praise for Its Huge Success

Artists of Cathedral and their friends are delighted with the success of the Exhibit held at the home of Miss Agnes Pelton, Easter weekend. It was attended by more people than in previous years and all expressed themselves satisfied with the pictures shown and manner of displaying them. The delicious cookies were made and served by members of the local Woman's Club, who acted as hostesses for the tea.

Mr. and Mrs. Kent Reineman were house guests of Miss Pelton's for the event and Mrs. Reineman showed some pictures which she painted under the name of "Olsen." Mr. Reineman started his painting in Cathedral City at a time when he was bed ridden. His rise to fame has been spectacular as he has become known for his pastel tinted canvases which show the desert through the rose-colored glasses of a true lover of the desert's ever-changing colors and variations.

The typewriter was patented in 1874 by a man named C. Graham Sholes.

Cathedral City Woman's Club in Business Session

The newly installed Board of Directors of the Cathedral City Woman's Club held its first meeting of the club year at the home of Mrs. Edna Cobb, second vice president. Mrs. Lucy Abels, retiring president, was asked to be present and help with the planning of next year's program. Mrs. Mary Moore, program chairman, asked that every member in the club help with suggestions and tell what appeals to her in the line of programs.

Mrs. Bessie Kelley, president, read the names of the chairmen of committees which she had chosen to work with her for the coming year. Mrs. Esther Hennrich, Red Cross; Mrs. Weingartner, Ways and Means; Mrs. Ella Mhoon, Membership. She said there were several other appointments pending but still undecided.

IT WAS VOTED by the board that the Woman's Club would ask the Civic Improvement Association if it would give the Pioneer Ball next year, because there had been so many requests that it be repeated and the Woman's Club felt that each club should have one big money-making party a year.

Mrs. Kelley announced that hereafter all board meetings will be held at the Town Hall, unless otherwise stated.

Mrs. Cobb served ice cream, cake and coffee and the ladies enjoyed a social half hour.

THE RETIRING Board of Directors of the Woman's Club is giving the tea for the last meeting of the season to be held at the Town Hall, April 16 at 2:30 p. m.

All members are urged to be present to pass on the new by-laws, hear the reports of the retiring chairmen and officers and pay their dues for the ensuing year.

Down for Circus Week include Mr. and Mrs. N. D. Gallup, Los Angeles; Vic Orsetti, Hollywood; Barclay Johnson, Sunset Towers, Hollywood; Mr. and Mrs. C. D. Rodecker, Los Angeles; Mrs. Lee Bevan and daughter, Los Angeles. They are at the Villa Hermosa.

Cathedral City Personals

Mr. and Mrs. L. C. Lewis were expecting to entertain Mr. and Mrs. F. C. Austin and daughter Helen Lee from Seattle, Wash., last week, but instead, all four were house guests of Mrs. Mabel Walker Willabrandt's at Walker Sands Ranch in Indio. Mr. Austin is connected with the Lomen Commercial Company of Seattle and Nome, Alaska. This is their first trip to the desert.

Angie and Art Whitlock left Sunday for the summer. Their plans were uncertain they said, but they expect to be back here again next fall.

Dr. and Mrs. W. E. Smedley of Blackfoot, Idaho, a brother of Russell's, visited here this week and were greeted by the Petersons of Pocatello. The Smedleys held a reunion and entertained their two daughters, Mrs. Herbert Butcher of Bellflower and Mrs. Dorothy Edwards of Oxnard and their families.

Bud and Carolyn Kelly entertained their respective families and friends at their mountain cabin at Pinewood on Easter weekend. One of the highlights was an Easter egg hunt in the pine needles for the children. The men enjoyed trout fishing but didn't boast of the catch.

Dr. and Mrs. Norman Price, uncle of Willard Price, were on their way here for a visit when their car was struck by another car emerging from a side road. Nobody was injured but their car was laid up three days. This has cut their holiday on the desert shorter than they expected it to be.

Mrs. Frances Brady of Manhattan Beach is visiting her friend, Mrs. George Gibson this coming week. They were childhood friends.

The name of Mrs. Gertrude Rounseville was heard often on the radio last week when she was re-elected to the Los Angeles Board of Education for the 12th year. She spends every week end in her cottage at Lavendar Lane and Second street.

Mary Jo Graefe, who graduated from our local high school last year, is now attending Cleveland, Ohio, college. She writes that she was to spend Easter vacation with an aunt in New York City and West Point. She will return to the Pacific Coast this fall and attend the Redlands university.

E. A. Beisner, John Mitchell and Sam Farmer have formed a partnership in their welding shop located on the church lot, corner of Grove and Broadway. They have built a wooden fence to hide their back yard and say they would pave the front of their shop if they knew they were going to be able to stay where they are for a few years. Their lease is on a yearly basis and while they can't put much money into it, they will live up to their promise to beautify the property to the best of their ability.

Chamberlains To Return Soon

"I'd like to see Palm Springs again—and will soon." That was the theme of a card received by Louise McCarn, city clerk, from Charles Chamberlain, well-known local contractor, who, with Mrs. Chamberlain, is on tour right now. The card came from Havana, Cuba. The Chamberlains will leave Cuba Sunday on the return trip to the desert.

tists, members of the same class. Even dust storms don't stop them from putting paint on canvas.

James Wolseth spent four days this week in Balboa, guest of Mr. and Mrs. Charles Vibert. He finds painting sea pictures more difficult than the desert, he says.

Ruth Metz and daughter Fredricka spent Easter in Hollywood with Mr. Metz, who is a musician at N.B.C. It was their anniversary and Ruth's birthday. This won't fall on Easter Sunday again until 1958.

YEAR
Eastside
BEER

In 1897... when the first glass of Eastside beer was brewed, Los Angeles proudly boasted a population of 97,000 persons. An authentic estimate of population today (based on a count by special U. S. Census) is 1,985,687. The 1946 gain over 1940 was 301,410. Los Angeles County is well over three million today.

Los Angeles Brewing Company, where Eastside beer is brewed, is erecting new buildings, enlarging its capacity, as rapidly as present scarcities and restrictions permit—to supply this greatly-increased demand.

But quantity to us at Eastside is of secondary importance. For fifty years Eastside has been true to its traditions. Quality first—and always.

DON CABALLERO

If Don Caballero seems slightly disconnected please forgive him, because that is just what he is. If you Villagers will put on a Circus every spring and will expect it to each year surpass the one before, well, you just gotta pay for it! So read on at your own risk and he says he ain't responsible for nothin'.

MONDAY NOON at the Desert Inn, Sheriff Trav Rogers subpoenaed the prettiest bunch of deputies in Palm Springs.

During luncheon it was noted that Chairman Wall Spalding sat at one end of the table and Sheriff Rogers sat at the other. On each side of them were seven beautiful girls! Not a bad way to start off the week!

Among those receiving their instructions, badges, and guns were Mary Jane Hicks, Anne Delano, Gwen Hickson, Dottie Gorman, Virginia Paul, Gertrude Clappett, Doris Markell, Barbara Brown, Barbara Hinkle, Janice Bogert, Marienda Borden, Phyl-

lis Schinner, Ruthie Veleur, Pat Boyer, Clair Reed, and Bill Moseley as Clerk of the Court.

MR. AND MRS. Thomas Fleming entertained Sunday with cocktails at the Town House and then took their guest to the Tennis Club for dinner. Those enjoying such hospitality were Mr. and Mrs. Edward Bacon, Mrs. Beatrice Consoer and her daughter Emmie Lou, Roy Randolph, Mr. and Mrs. Kenneth Kirk, Mrs. William Malouff, and Major Ray Purpose.

THE MEXICAN FIESTA at the Thunderbird Ranch on Monday evening was certainly gay and colorful. The delicious food and the delightful entertainment made one feel a part of old Mexico. Later cowboys, cowgirls, Mexicans, and just plain people joined in a square dance and a round of throwing confetti eggs.

Among those seen enjoying themselves immensely were Kenney and Virginia Paul, Tony Burke, Barbara and Barney Hinkle, Jeane Schibe, Helen and Jack Kenaston, Johnny and Ginger Mercer, Paul and Aloha Browne, Margaret Roach, Roy Randolph, Arthur Kober, Sam Spiegel, Jack and Louisa Kriender, Mrs. Billy Gilmore and her daughter Madelyn, and the host and hostess, Janice and Frank Bogert.

MONDAY AFTERNOON the Woman's Club held its annual Flower Show at the Club House. Mrs. Charles Glass was chairman of the committee and her able assistants were Mrs. George Manning, Mrs. Larry Genner, and Mrs. Ralph Shelley. Judges were Mrs. Arthur Pope Duggan of Riverside and Mrs. Loyd Nix.

An added attraction was the floral and Chinese display of original paintings by Mrs. George B. Caldwell Freeman. Mrs. Freeman's studio is located off of Highway 177 between Palm Springs and Indio. Her work is known all over the world and her secret formula of paint is the envy of every artist.

MR. AND MRS. Oliver Jaynes entertained at cocktails for their daughter, Nancy last Tuesday afternoon. Nancy will soon be returning to Finch Junior College in New York City.

Among those present were Mr. and Mrs. Edward Bacon, Mr. and Mrs. Bill Rashall, Harry Reid, Jr., Russell Wade, Mr. and Mrs. Grant Wood, and Ernie Dunlevie.

RETURNING after serving the past two years, stationed at Hickman Field, and other Hawaiian installations, Capt. Albert Craig, A. C., accompanied by his wife, Lorraine, returned to the States this week, and are spending Circus week here visiting friends.

Captain Craig, a native of Columbus, Ohio, served the past six years in the army, and returns from here next week to Wright Field, Dayton, Ohio, where he will get out of the army. He and his wife plan to stay in Indio, however they state that they are enchanted with Palm Springs, and are tempted to give up the idea of staying Middle-Westerners, and return to Palm Springs.

MR. AND MRS. Rathbun Heese were hosts to a number of their friends on Saturday night at dinner at the Tennis Club.

Joining Mr. and Mrs. Heese for dinner were their houseguests, Mr. and Mrs. Eaton of Los Angeles, Mr. and Mrs. Kenneth Colborn, Mr. and Mrs. Lee Bering, and Mrs. Tom Lyons.

Prior to the dinner the group were guests at a cocktail party

given by Mr. and Mrs. Heese. There also for the cocktail hour were Mr. and Mrs. Paul Medearis, Mrs. Louise Jehlenger, and David Bixler.

Among the younger set dining and dancing at the Tennis Club on Saturday night were Ken Colborn, Jr., and his brother Chase Colborn, who are home for the spring vacation.

With them were attractive Nancy Kenny and Shirley Bongarten.

THE DOLL HOUSE was the setting for a no-host dinner, given on Sunday night in honor of Barbara Bent, who leaves Palm Springs this coming week, to make her home in Santa Barbara.

Preceding the dinner, a cocktail party was held at the home of Mildred McCormick. Present for the merry occasion and later for the dinner at the Doll House were Dorothy Fisher, Betty June Rose, Barbara Wilson, Marjorie Pohl, Mr. and Mrs. William Marvin, Larry Goodman, Edward Smith, Phil Lannos, Willard Geib, Jay Harbour, John Cowart, Glen Rogers, John Archibald, the hostess, Miss McCormick and the honored guest, Miss Bent.

BUFFET LUNCHING at the Tennis Club on Sunday noon were a group of desert residents that included Mr. and Mrs. Edward Maggard, Mr. and Mrs. Harrison Leussler, Mr. and Mrs. Frank Camp, Mr. and Mrs. Ray Wilson, and Mr. and Mrs. Frederick Dickson.

Buffet lunching on the lower terrace on Saturday as the guests of Zaddie Bunker, were Mr. and Mrs. L. M. Giannini, their daughters, Miss Ann Giannini and Miss Virginia Giannini and R. J. Landucci.

IN A NO HOST party at the Tennis Club on Saturday night were a group of villagers and out-of-town visitors. Making up the merry gathering were Mr. and Mrs. John Woods, Mr. and Mrs. Newton Hotchkiss, Mr. and Mrs. Charles Maryatt of Seattle, Mr. and Mrs. Ward Cousins of Burlingame, Marian Johnson, who is a student at USC, and E. M. Koppe.

A NUMBER of riding events have taken place for La Paz guests this week, including a luncheon ride to Andreas canyon. Those mounting horses for the desert ride were Jack Dempsey, Joan and Barbara Dempsey, Ann Gallagher, Doug Lynn, Mr. and Mrs. Harold Sparks and others. Later in the week a moonlight ride took place when the riders rode to a pretty location on the desert and gathered about a big bonfire for a mid-night snack.

OFF FOR SANTA Barbara to be a guest at a house party there was Mrs. Ona Brown, well known local socialite. She will return in about a week.

Her greatest regret was that she would have to miss the Desert Circus events.

She left for the coast city Wednesday.

Americans spend approximately \$4,000,000,000 annually on baseball games, movies, and other forms of recreation.

Story of Museum And Plans for Its Future Revealed

(The story of the Desert Museum, a Village Institution known from coast to coast is told in the story below.)

Prior to 1940 there was no Desert Museum in the village of Palm Springs. Then, mainly due to the efforts of the late Madeleine R. Cook, an appeal was published in the local newspaper, The Desert Sun, and a board of trustees formed. This was the beginning of the Palm Springs Desert Museum as we know it today. The first director was Lloyd Mason Smith who returned this season to that position.

Through the generosity of the library board, the museum was permitted to occupy the east wing of the newly completed Welwood Murray Memorial library, originally built as a children's library. The museum opened its doors in this wing in February of 1941, and has continued to occupy these quarters through this season, six years straight.

HOWEVER, this spring, the wing is badly needed as a children's library, so the museum will be forced to seek other quarters. The proceeds from this season's Desert Circus Week are going to the museum to form the nucleus of a building fund. Next season, the museum board is planning to find temporary quarters to house the museum until such time as a permanent site can be found and buildings erected upon it.

This past season has seen the greatest activity to date. Movies were shown every Tuesday and Friday evening to capacity crowds, and a guest lecturer presented every Saturday night. Average attendance to each of these was 250. The regular Saturday field trips and auto caravans averaged over 50 persons, with as many as 110. Visitors to the museum itself were nearly 200 per day. This makes for an impressive total of persons contacted each month, which during January, 1947, alone was 9,000!

MONEY TO OPERATE the Desert Museum is derived from two sources. The Community Chest, beginning this season, pays the actual operating expenses. The annual membership drive money goes to purchase permanent items, such as books, films, cases, and exhibits, none of which are considered part of the running expenses. Other large donations of \$50 or more will go with proceeds from the Desert Circus to be added to the building fund.

Plans for the future include daily programs and activities, new exhibits each month, a larger live animal collection, a wildflower display, an outdoor natural desert garden, a monthly publication, and adequate research facilities. It is to be hoped that in time the Palm Springs Museum will come to be recognized as the desert research laboratory of the United States, a definite asset to an ever-growing city: Palm Springs.

Harry Oliver Builds Great Toad for Parade, Adds to His 'Dobe' and Tours Death Valley in Between

This has been a big busy week for Harry Oliver, Alcalde of 1,000 Palms, between building a 12-foot horned-toad so realistic that it scares even him, and touring Death Valley.

The 12-foot horned toad is to be on a float for the Desert Museum in Saturday's big parade.

"Don't tell I built it," he urged, "just say it was designed and built by the biggest liar on the desert."

"IT'S SO true to life," he said, "that it may scare some people."

Oliver took four days off to go into Death Valley with Randall Henderson of the Desert Magazine as guests of the Monument and the Park associations. In the group were members of four Lions clubs and seven Rock-hound groups. They all ended up in a big dance at the Indian reservation at Shoshone, Nev.

THE TRIP was the first official one from Trona over the new road through Wild Rose canyon into Death Valley.

The trip was so rugged that even the jeep turned its head

appealingly and looked at us before we urged it on," said Oliver. Incidentally, he reported, the board of supervisors has asked him to design and build a permanent county fair and date festival grounds at Indio.

He was in town buying drafting materials this week and when he gets through with the toad, will start on that project.

Oh, yes, in the meantime, he found time to add a few more bricks to Fort Oliver, the adobe he is building out at 1,000 Palms.

Dedicate Pageant to Roads Group

Opening performance of the Ramona Pageant on April 19 will be dedicated to the Road to Romance association, President Ed Poorman said this week.

Lt. Gov. Goodwin J. Knight will officially represent the state at the opening showing. He will be the honored guest at a barbecue festival at noon Saturday, April 19, at Gilman Hot Springs hotel.

There were 37.3 million dwelling units in the United States in 1940—more than double the 17.9 million in 1900. Occupancy per unit was one person less, says a Twentieth Century Fund report. But more than 40 per cent of our homes in 1940 needed to be replaced or rehabilitated.

A Great Bunch—Those Ex-G.I.'s

Willie Wells and a bunch of the boys from our town went to Pound Ridge Saturday to a reunion of their old regiment.

There were about two hundred and fifty boys who came from miles around to a good old feast in Farmer Collins' barn. I expect they seemed a lot different to each other out of uniform. But they had a great time, spinning yarns, drinking beer, and talking over the old times in South Africa and Italy and the Aleutians.

I went over to cover the meeting

for the Clarion, and one thing that sure impressed me was the good behavior of those boys—their preference for a moderate beverage like beer—their friendly spirit.

From where I sit, our ex-G.I.'s are making as good a showing in peacetime as they made during the war. And they're setting a mighty good example to the rest of us—in tolerance, and moderation, and good fellowship.

Actually the railroads earned only 2 3/4% in 1946.

To provide the service you want, railroads need to earn at least 6%. But estimates indicate that even with the recent freight rate increase, the return for 1947 will be only about half that requirement.

2 3/4%

Why it takes 6% to make the grade...

Impartial research poll shows that, on the average, people think we make 15%. They also think a fair return would be 10%.

What We Make

But for the year 1946, with the biggest peace-time traffic in history, the railroads earned only... 2 3/4%. This is less than one-half the comparable earnings for other industries.

The reasons for this low return are not hard to find. Since 1939 railroad wages have increased 52 1/2% and the prices of fuel, materials and supplies have gone up 61 1/2%.

But freight rates have just recently been increased an average of only 17 1/2%—a year after the effective date of the last big wage increase.

What About This Year?

It is estimated that the return for 1947, even with the recent freight rate increase, will be only about half the 6% minimum return required to provide the improvements and service needed. This will be because of increased costs of materials and supplies; because certain wage increases granted in 1946

were in effect for only part of 1946 but will be in effect for all of 1947; because of increased special payroll taxes on railroads; and because of a decline in passenger business.

What Does This Mean To You?

The answer is "Plenty!" Your standard of living is the highest in the world because of MASS PRODUCTION. But mass production would not be possible without MASS TRANSPORTATION, which the railroads provide at low cost.

Why 6% Is Needed

The kind of service your standard of living requires takes a lot of money for new equipment and improvements. To carry out the post-war improvement program for better equipment, tracks, terminals and modern safety devices, a minimum return of 6% is needed.

So when the railroads make only 2 3/4 cents on each \$1.00 of their net property investment, it concerns you.*

The funds for future new equipment and improvements must come from railroad earnings and also from investors. They will furnish money on reasonable terms only if they have confidence in the future earnings of the railroads.

You Have Another Stake In This

Even if you do not own any railroad stocks or bonds, insurance companies and savings banks do. So you still have a special interest in seeing that the railroads are allowed enough to do a good job... for you.

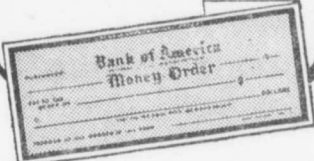

We are publishing this and other advertisements to talk with you at first hand about matters which are important to everybody.

*On total property investment, the railroads made only 2.19%.

State's Illness Insurance Goes To Many in Area

Wage earners in the Riverside-San Bernardino county area, including Palm Springs, who have been unemployed through non-industrial illness or injury, filed a total of 80 first claims for disability insurance during the past week, it is reported by J. W. Bond, manager of the California Department of Employment's disability insurance office in San Bernardino.

"Most of the first claims filed during the past week proved to be valid claims," Bond reported. "That means that these people have been unemployed because of sickness or injury and had earned enough wages in jobs subject to the unemployment insurance act to be eligible for benefits. They will receive insurance benefits ranging from \$10 to \$20 per week for each full week they continue to be unemployed because of their disabilities, or until their benefits are exhausted."

BOND ALSO disclosed that \$11,424 was paid out in insurance checks to eligible claimants in the area during the past week. These checks went to persons who had previously established their eligibility, and compensated them for full weeks of unemployment due to disability.

Disability insurance is a state-operated system which is financed entirely by the employees, Bond pointed out. Each employee who is covered by the unemployment insurance act pays one per cent of his wages into the State Disability Fund, unless his employer has an approved voluntary plan of disability insurance which has been substituted for the state plan. In addition to the requirement of minimum earnings of \$300 during his base period, the individual must file a claim for benefits that is supported by a physician's certificate verifying the disability, and must serve a non-compensable waiting period of seven days. First claim forms may be obtained from any local office of the Department of Employment, Bond added.

PRIVATE PLANES' SPHERE

The average private plane traveled 15,600 miles a year just before the war, says a Twentieth Century Fund report. Instructional flying accounted for 43 per cent of the miles flown, pleasure flying for 33 per cent, and commercial and business flying for the remaining 24 per cent.

Painting Firms Of Village Form New Organization

The Village is decorated this week for the 11th Annual Desert Circus—and under plans taken by local Painting Contractors, will continue to be decorated throughout the year.

Twelve Palm Springs painting contractors this week formed an organization to give Village property owners and business owners better workmanship and finer painting with fair dealing assured to them, the organization and the workmen.

The organization is purely for the protection of all Palm Springs and the surrounding area and is now in the process of formation with the intention of concentrating on fair dealing and fair prices.

Roy McCann of Hollingsworth & McCann, is president of the organization; Andre Nisson, of Andre the Decorator and Company, secretary and treasurer; John Carlson, recording secretary; Clinton C. Bauer, M. J. Clark, E. W. Hollingsworth, George Kellogg, Frederic Kunkle, George Blackman, Klass Bros., A. R. Copeland, superintendent, Jay Denier Co., and Bert A. Baker.

Federalists To Meet on Monday

United World Federalists, Palm Springs Chapter, will meet at the home of Mrs. Charles Bonoff, 821 Mel avenue on Monday afternoon, April 14, at 2:30 o'clock.

All members are urged to attend as a report will be given by several of those attending of the Rally held in Los Angeles this week.

Miss Thyrsa Cohen resigned from the presidency in favor of L. Sarup, who graciously accepted and took the chair. Refreshments will be served at the close of the meeting.

THE KIT FOX

Smallest of the dog family inhabiting our desert is the little Kit Fox, big eared and bushy tailed. It once was common, but uncontrolled trapping and hunting have reduced its numbers to such an extent that over much of its former range it has been eliminated completely. Now it is a rare sight, indeed, to even see one of these creatures, no larger than a house cat. They become active after dark and hunt down the nocturnal mice and kangaroo rats that form its main article of diet.

The author was with the Fred Allen show for several years before going into the service. He was editor of his college paper before joining Fred Allen. His book, "Aurora Dawn" has been selected by the Book of the Month club for May.

Mr. and Mrs. Wouk are guests at the El Irisado.

Sweet Potato Starch

A bushel of sweet potatoes will produce from 10 to 13 pounds of starch and about 5 pounds of cattle feed. This feed contains from 85 to 90 per cent of the feeding value of corn.

THE HORNED TOAD

The horned toad is not a toad at all, but a lizard, and should really be called a horned lizard. He looks very much like a tiny replica of a prehistoric dinosaur, what with the array of spines about his head and the studding of small spikes over his wide body. In warm weather, if irritated, the horned lizard will eject a fine jet of blood backwards out of his eyes. This is probably protective reaction to startle any would-be enemy. He feeds upon insects, and has a preference for ants.

THE DESERT PALM

Native to the Colorado Desert, the Desert Palm, also called the Washingtonia Palm or the California Fan Palm, was definitely not planted up our local canyons by either the Indians or the early Spanish padres. Rather, these palms were flourishing thousands of years here before the arrival of any human beings. In historic times they have been planted as ornamental trees all over California and Florida. The best stands of them are to be found in Palm Canyon, Andreas Canyon.

Great Air Show to Mark Desert Circus Week

Airport Scene of Spectacular Event Sunday Morning

What promises to be the most spectacular aerial display to take place on the Pacific Coast, is scheduled for the Palm Springs Airport, Sunday, April 13, between the hours of 9 a. m., and 1 p. m., the last day of the 11th Annual Circus.

The exhibition both on the ground and in the air is under the auspices of the Veterans of Foreign Wars and Post 34, of the AMVETS, who will use what receipts accrue for the endowment of two hospital beds at the Community hospital and for other Veteran's welfare work.

The gates to the giant airport will open at 9 a. m., for those who want to spend some time looking over the ground displays of both military and civilian aircraft. In this array will be the swift Jet P-80 Shooting Star, with a technician standing by to explain to those interested many facts generally unknown about this latest of aircraft.

MODEL AIRCRAFT builders, composed of youngsters will have their miniature ships on hand and will vie for cash prizes. Contestants for this event are expected from as far away as Los Angeles, Riverside, Banning, Indio and other neighboring towns.

The hair-raising, chills-and-thrills program is expected to get underway at 10:15 a. m., when Sammy Mason, former test pilot, and his Hollywood Hawks take over for a two-hour show.

EVERY ACT in Sammy Mason's contribution to the event

is a feature in itself, nevertheless, the two parachute jumps, may in the opinion of many, be the most thrilling.

One of the jumps will be a precision leap, when the parachutist, Bill Bushman, will guide his 'chute to a chosen spot in simulation of the jumps he made while overseas as a paratrooper. His second jump, will be a "free-fall" which is expected to bring spectators to their feet in awe before he pulls the rip cord and the 'chute blossoms out just in time to keep him from hitting the ground. This tactic was used in World War II, so that enemy gunners on the ground would find their human targets hard to hit.

A WORLD WAR I Jenny will take to the air then with Roy Cusick at the controls. He will "cut" plenty of comic "touches" close to the ground and in the air with this ship used during that era when ships of that kind were constructed of baling wire and canvas cloth. He will put this vintage of old aircraft through every known acrobatic used by the flying aces, like Eddie Rickenbacher, World War I hero performed in France in 1917 to 1918.

Warren King will fly with Cusick on one of his trips aloft although he won't have a seat in the fuselage. His position on this flight will be on the wing of this old Jenny. There is a surprise in store during this act, which the performers do not wish to be known until the act actually takes place.

NEVER SEEN before during an aerial circus will be some of the comic antics of those pilots that will take part in Sammy Mason's part of the entertainment. One is a drunk act, the details of which are not known.

"If you think that comedy cannot be injected into an aerial show," declared Mason, "wait until you see the one we are going to put on."

At the conclusion of Mason's part in the show, the 12th Photo Reconnaissance Squadron from March Field will take to the air with their Jet P-80 Shooting Stars. This flight will be led by the commanding officer, Colonel Leon Gray.

PRECISION and formation flying both in take-offs and in the air is expected to bring awes and ohs from the crowd of spectators. The speed with which these ships maneuver in the air will be a revelation to those who have never seen these ships in flight at close hand. Col. Gray said that there would be plenty of thrills in his part of the show. Nine of these jet ships will be in the air at one time, and the Valley will echo to the blast of sound they create on the ground and in the air.

"We are delighted with the opportunity to help these veterans in this their first annual air circus," Col. Gray announced.

MILITARY BAND, sixty in number, is scheduled to be present at the Air Circus to furnish music between acts and before the show starts. There is some hope that this musical aggregation may participate in the parade on Saturday morning.

Reserve box seats, few in number, are going fast, but there are plenty of general admission tickets that can be purchased at the ticket booth located at the corner of Andreas Road and Palm Canyon Drive; the Chamber of Commerce offices, and at 390 North Palm Canyon Drive, across the street from the fire station. General admission tickets can also be purchased at the gate to air field, Sunday morning. However it is pointed out that persons wishing to attend may find considerable congestion at the ticket booth at the field and this can be avoided by the purchase of ducats in advance.

HE LIKES THE SUN

April 7, 1947
Editor, The Desert Sun: I received a copy of The Desert Sun, Tuesday, March 25, from my son, a member of the D.A.V. at Palm Springs, and after reading its contents, I would like to congratulate you on the fine pictures and material it contains.

It sure gives a fellow a longing to be out there. As to the Tram project it can't be anything else but marvelous.

In closing may I say more progress and power to The Desert Sun and its Villagers.

His name is Charles Borgess. He is 22 years old. When he wasn't old enough to vote, he won the Silver medal for gallantry in World War II; the Purple Heart for wounds received in action, and the Presidential Unit Citation.

Today, Charles Borgess is in jail, convicted of stealing a car. His explanation is that he had to provide a roof for his wife and baby due to the fact that he couldn't keep up the payments on their house trailer. The jail has been his home since last December.

Charles Borgess isn't alone in his misery. His young wife, Nyra, is in jail, too—also accused of stealing an automobile. Their 17 months old baby, Charles Jr., is being cared for at Juvenile hall. Mrs. Borgess says that since her husband's arrest, she has roamed from park to park with the baby—and from show to show.

HOMELESSNESS breeds despair. Too many of our veterans are homeless, today. No time should be wasted in doing some-

Veterans' Needs and Wants

By ETHEL GILLET WHITEHORN

thing about it. It was Calvin Coolidge who said: "The nation which forgets its defenders will soon be itself forgotten."

This is an opportune time to bring to the attention of the American people, a statement by United States Senator Alexander Wiley of Wisconsin which was published in the Congressional Record April 3, 1947. He said: "It is important to note that within 10 years, war veterans and their dependents will number almost one-half of the population—one half of our taxpayers. By 1952, the grand total of veterans (both wars) will climb to 62,300,000."

"WHAT BASICALLY are the needs and wants of America's veterans?" Senator Wiley asks. "They are few in number."

"1. Jobs: Decent paying employment that will enable their families and themselves to survive in these inflationary times. They want to have the chance to start businesses with encouragement, to learn their trades, to get vocational training, to make up for time lost in the armed services. They want to use in civilian life the leadership talent which they displayed on the battlefield."

"2. Housing: America's ex-servicemen want a decent place to live. During the war they were promised the world with a fence around it. Today, they don't even have the fence. America's veterans don't want to have to buy houses at badly inflated prices, which they will lose in later years because they cannot keep up with high payments."

"3. Liberty: Finally America's veterans basically want to have America realize the full liberty for which they fought—liberty from racketeering, from any source, liberty from monopoly, political liberty, religious liberty, economic and social liberty."

SO SPOKE Senator Wiley in the Congress.

I don't know Charles Borgess. However he isn't a stranger to me. No veteran is a stranger. He is a friend—the best friend the American people ever had.

Any country that can pour millions into other lands—some of which are hostile to us—should be able to find the ways and means to assist our veterans in becoming strong and prosperous citizens. Homes are sanctuaries. America's strength is rooted in them. Give our veterans decent homes and the newspapers will no longer publish the heartbreaks of a Charles Borgess.

Only about 42 years ago, Lord Northcliffe offered a prize of \$50,000 to the first person who could fly a plane between any point in Great Britain or Ireland, and any point in Canada, Newfoundland, or the United States, in either direction in 72 consecutive hours.

691 to 720	1,000	May 1, 1971
721 to 750	1,000	May 1, 1972

The bonds herein referred to were voted for the purpose of raising money for the purchasing of school lots, for the building or purchasing of school buildings, for the making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation or repairs, for the repairing, restoring or rebuilding of any school building damaged, injured or destroyed by fire or other public calamity, for the supplying of school buildings with furniture or necessary apparatus of a permanent nature, for the permanent improvement of the school grounds.

The assessed valuation of the taxable property in said School District for the year 1946 was \$17,321,530.00. The amount of bonds previously issued and now outstanding is \$89,000.00.

The said School District includes an area of approximately 274 square miles, and the estimated population of said School District is 5,375.

The bonds will be sold for cash only and at not less than par and accrued interest to the date of delivery. Each bid must state that the bidder offers par and accrued interest to the date of delivery, and state separately the premium, if any, offered for the bonds bid for, and the rate of interest said bonds shall bear.

A certified or cashier's check for a sum not less than five per cent (5%) of the amount of the bonds bid for, payable to the order of the Chairman of the Board of Supervisors, must accompany every bid as a guaranty that the bidder, if successful, will accept and pay for the bonds described in the accepted bid in accordance with the terms of his bid, and said check shall remain in the possession of the Board of Supervisors until all of said bonds are bid for, provided, however, that no such guaranty shall be required to accompany the bid of any State or Federal Agency. The Board reserves the right to reject any and all bids.

NOTICE OF PROPOSED FORMATION OF DESERT HOT SPRINGS LIGHTING DISTRICT OF RIVERSIDE COUNTY AND NOTICE OF HEARING ON WRITTEN REPORT UPON THE PROPOSED DISTRICT

NOTICE IS HEREBY GIVEN that a petition praying for the formation of the Desert Hot Springs Lighting District of Riverside County under the provisions of Part 4, Division 14, of the Streets and Highways Code of the State of California was presented to and filed with the Board of Supervisors of the County of Riverside on the 23rd day of September, 1946; that the Board has fixed the 26th day of May, 1947, at the hour of 10:00 o'clock A. M., in the Supervisors' Chambers in the Court House at Riverside, California, as the time and place for hearing upon said petition at which time all persons interested therein may appear and be heard.

That the boundaries of the proposed Desert Hot Springs Lighting District of Riverside County are as follows:

Beginning at the northeast corner of Section 31, Township 2 south, Range 5 east, S.B.B.&M.; thence south 2640 feet more or less to the east 1/4 corner of said Section 31; thence West along the East and West mid section line of said Section 31, 5280 feet more or less to the west 1/4 corner of said Section 31; thence North 2640 feet more or less to the Northwest corner of said Section 31; thence continuing North 2640 feet to the West 1/4 corner of Section 30 of said T. 2 S., R. 5 E.; thence East along the East and West mid-section line of said Section 30 to the East 1/4 corner of said Section 30; thence South 2640 feet to the Northeast corner of said Section 31, the point of beginning.

Reference is hereby made to the original petition on file with the Clerk of the Board of Supervisors at the Court House in the City of Riverside, California, for further particulars.

NOTICE OF HEARING ON WRITTEN REPORT UPON THE PROPOSED DISTRICT.

NOTICE IS ALSO HEREBY GIVEN that, pursuant to the District Investigation Act of 1933 (Stats. 1933 Page 2141 as Amended), a written report upon the proposed Desert Hot Springs Lighting District of Riverside County has been prepared and filed with the Board of Supervisors by a competent person appointed by them for said purpose, and the said Board of Supervisors has fixed the 26th day of May, 1947, at the hour of 10:00 A.M. at the Supervisors' Chambers in the Court House at Riverside, California, as the time and place for hearing upon said report.

NOTICE IS FURTHER GIVEN THAT:

(a). The name of the proposed District is the Desert Hot Springs Lighting District of Riverside County. It is being formed under the provisions of Part 4, Division 14, of the Streets and Highways Code of the State of California, known as the Highway Lighting District Act (Stats. 1941 Chap. 79, Page 1005) for the purpose of installing and maintaining a street lighting system on public highways for the better protection of the residents of the area bounded and described as hereinafter set forth, and as more fully appears in said report.

(b). The report above mentioned concerning the advisability of forming the proposed District has been filed with the Board of Supervisors. The said report is available for inspection at the office of the Clerk of said Board.

(c). The boundaries of the proposed District are as set forth in the Notice of the Proposed Formation of Desert Hot Springs Lighting District of Riverside County and as there set forth is incorporated herein by reference as if set forth hereafter in full.

(d). The hearing of said report will be held before the Board of Supervisors on the 26th day of May, 1947, at the hour of 10:00 o'clock A.M. at which hearing protests will be considered by said Board of Supervisors.

(e). A brief summary of the essential facts of said report is as follows:

F. The total assessed value of each parcel of land within the proposed district is \$447,720.00.

NOTICE TO CONTRACTORS

Notice is hereby given that the Board of Trustees of the Desert School District of Riverside County, California, will receive bids for furnishing all labor, material, transportation and services for the installation of ten evaporative type air coolers to be installed in the following existing school buildings: Nellie N. Coffman and Cabulla Schools, Palm Springs, California; Cathedral City School, Cathedral City, California; Desert Hot Springs School, Desert Hot Springs, California, each bid to be in accordance with the plans and specifications prepared by Clark & Frey, Architects, 869 North Palm Canyon Drive, Palm Springs, California.

Said plans and specifications may be obtained during business hours at the office of the Architects.

Bidders are hereby notified that the Board of Trustees has determined, in accordance with the Labor Code of the State of California, that the minimum wages paid on this project shall be not less than listed in the following wage schedule:

Trade or Occupation	Hourly Wage Rate
Carpenter	\$1.65
Electrician, journeyman	2.00
Labor, Building	1.15
Plumber	2.00
Sheet Metal Worker	1.75
For any classification not listed above:	
Skilled Labor	1.25
Unskilled Labor	1.15

It shall be mandatory upon the contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the said specified rates to all laborers employed by them in the execution of the contract.

Each bid shall be made out on a form which can be obtained at the office of the Architects; shall be accompanied by a certified or cashier's check or bid bond for 5 per cent of the amount of the bid made payable to the order of the Board of Trustees, Desert School District, Riverside County, shall be sealed and filed with the Architects on or before April 14, 1947, at 10 o'clock A. M. and shall be opened in public at or about that time in the office of the Architects.

The above mentioned check or bond shall be given as a guarantee that the bidder will enter into contract if awarded the work, and will be declared forfeited if the successful bidder refuses to enter into said contract after being requested so to do by the Board of Trustees of the Desert School District.

The successful bidder will be required to furnish a Labor and Material Bond in an amount equal to 50 per cent of the contract price and a Faithful Performance Bond in an amount equal to 50 per cent of the contract price, said bonds to be secured from a surety company satisfactory to the Architects and to the Awarding Body.

The Awarding Body reserves the right to reject any or all bids and/or waive any irregularity in a bid.

Unless otherwise required by law, no bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

Christian Science Theme Declares Disease Unreal

"Are Sin, Disease, and Death Real?" This question will be the subject of the Sunday Lesson-Sermon in all branches of The Mother Church, The First Church of Christ Scientist, in Boston. The Golden Text is from Habakkuk: "Art thou not from everlasting, O Lord my God, mine Holy One? we shall not die. . . Thou art of purer eyes than to behold evil, and canst not look on iniquity."

A Scriptural selection from the Psalms reads, "God be merciful unto us, and bless us; and cause his face to shine upon us; That thy way may be known upon earth, thy saving health among all nations." Luke's Gospel relates that "there was a woman which had a spirit of infirmity eighteen years, and was bowed together, and could in no wise lift up herself. And when Jesus saw her, he called her to him, and said unto her, Woman, thou art loosed from thine infirmity. And he laid his hands on her; and immediately she was made straight, and glorified God."

In "Science and Health with Key to the Scriptures" Mary Baker Eddy writes, "Suffer no claim of sin or of sickness to grow upon the thought. Dismiss it with an abiding conviction that it is illegitimate, because you know that God is more the author of sickness than He is of Sin. You have no law of Sin to support the necessity either of sin or sickness, but you have divine authority for denying that necessity and healing the sick."

St. Paul's Guild To Meet Tuesday With Mrs. Poos

The Guild of St. Paul's in the Desert will meet on Tuesday, April 15, at the home of Mrs. Grover Poos in Banning. The meeting will be at eleven o'clock and Mrs. Jacques Crommelin, the vice president will preside.

A luncheon will be served at noon, followed by sewing for the annual bazaar in the early winter.

Turkey meat offers not only protein and fat but also an important vitamin—thiamin or vitamin B1. According to tests conducted at the Kentucky experiment station, the portion just under the skin is richer in this vitamin than the portions extending to the bone.

Bishop Gooden to Preach Sunday at Episcopal Church

The Rt. Rev. Robert Burton Gooden, D. D., Bishop Suffragan of the Los Angeles Diocese, will be in Palm Springs Sunday morning on his annual visitation to the local parish. He will confirm a class and preach at eleven o'clock. He is one of the few school-master bishops in the American church, although there are many in England. For twenty-one years before his elevation to the bishopric, Bishop Gooden was headmaster of the Harvard Military School for Boys in North Holly-wood.

SEVENTEEN children and adults were baptised by Rev. Robert M. Hogarth, rector of St. Paul's in the Desert at Pre-East-er services: Michael Allen Ames, Isobel Frances Crocker, Mary Adair Crocker, Michael Lea Isen-agle, Charles John Lee, Sarah Ann Mason, Christopher Wells Overly, Lisa Wells Overly, Har-riette Ann Smith, Paul Willis Smith III, Dorothy Ann Strebe, Susan Strebe, Corinne Mary Strebe, George Strebe and Georgianna Strebe.

FIFTY PERCENT more wor-shippers came to the altar of the Episcopal church on Easter Sun-day than in any previous year. Two morning services were overcrowded and the first was comfortably full. The church was entrancingly beautiful, the work of loving hands of Mrs. Raymond R. Wilson and her committee.

Dr. Macartney to Deliver His Final Sermon on Sunday

Sunday morning at 11 o'clock, Dr. J. R. Macartney will deliver his final message as pastor of the Community church. This sermon will close a pastorate of almost 11 years in Palm Springs and a career of 52 years in the Presby-terian ministry.

His subject will be: "The Joys of the Minister's Life."

EVERYONE is invited to at-tend the service.

Sunday night at 6:30 o'clock, Christian Endeavor societies will meet, the Junior society led by Cherie Mashburn and the senior group by Carolyn Harper.

At 7:30 o'clock there will be a brief devotional service by the Rev. James Blackstone, Jr., fol-lowed by a motion picture en-titled "Journey Into Faith."

ON SUNDAY night, April 27, Rev. Blackstone will be installed as pastor of Community church. The service will be held at 7:30 o'clock.

Rev. Blackstone will leave by air next Wednesday to be pre-sent at an anniversary celebration of the First Presbyterian church of Pittsburgh of which he was once assistant minister. He will return by April 20.

THE IDEAL DESERT COMMUNITY OF DREAMS IS COMING TRUE!

Since November 15, when Palm Desert was first opened to far-visioned home builders and business-investment developers, a whole new realm of ideal living has been created by the men who knew the wonderful potentials of this nature-favored spot.

More than 16 miles of black surfaced roads have been put in. A water supply sufficient to serve a city of 20,000 people has been completed, with 14 miles of water system, fire hydrants and lateral lines to each lot on the property.

By the opening of next season, Shadow Mountain Club's perfectly-planned facilities will be substantially finished. And here, comprising 1500 acres of the most desirable desert in all the West, will be a residential and business-income development unrivalled anywhere in all the world.

Drive out and see the Shadow Mountain Lake, the minia-ture boat recreational "desert sea" where boats actually sail. See the actual construction of the largest and most spectacular pool of any club in America.

You'll be amazed and delighted with the incredible prog-ress that has been made . . . charming shops . . . marvelous homesites . . . investment opportunities to intrigue the soundest businessman. To date sales are in excess of \$540,000.00 . . . a sensational record even in this land of miracles where records are broken daily.

Yes, Palm Desert, the ideal desert community of dreams is fast coming true . . . and you are cordially invited to participate in its multifold attractions.
